City News

Small town Charm. Big Bright Future.

Please join us for a Memorial Day Service on Monday, May 31, 2021

9:00 a.m. at Riverside Park

Guest Speaker: David Grossi

In 1967, David volunteered for the newly created Air Force "Ranger" program and was sent to Fort Campbell, Kentucky to train at the U.S. Army's 101st Airborne School for eventual deployment to South Vietnam. During his time in Vietnam, David served at two air bases, Phan Rang and Pleiku. Upon completion of his tour of duty in 1969, he was transferred to the 1st Air Commando Wing at England Air Force Base in Louisiana. David was honorably discharged from active duty with the rank of Sergeant in 1970. While still serving in the Air Force Reserves, David joined a large municipal police department in upstate NY, serving for over 20 years. After retiring, he joined a national police training organization and trained civilian and military police across the country, earning two "Excellence in Training" awards from the U.S. Army Law Enforcement Command at Fort Lewis, Washington. David's medals and citations include the National Defense Service Medal, the Vietnam Service Medal, the Vietnam Cross of Gallantry, the New York State Medal for Merit and the Florida Veterans Service Medal. Join us on May 31st to hear David talk about his service.

For more information about this event, please call Bonita Springs City Hall at (239) 949-6262

COMMITTEE SPOTLIGHT:

BICYCLE AND PEDESTRIAN SAFETY ADVISORY COMMITTEE

The Bicycle Pedestrian Safety Advisory Committee strives for the enhancement of bicycle and pedestrian paths for the safety of residents and visitors of Bonita Springs. Bicycle Pedestrian Safety Advisory Committee objectives include improving the conditions for bicyclists and pedestrians, promoting bicycling and walking as a means of transportation, and enhancing safety for bicyclists and pedestrians. The Committee also reviews relevant ordinances, organizes public events and works with other bicycle and pedestrian organizations at state and national levels. A main component of this five person committee is to coordinate with other groups so that Bonita Springs will interface and have connectivity with the other bicycle / walking organizations.

THE CITY OF BONITA SPRINGS BICYCLE & PEDESTRIAN SAFETY ADVISORY COMMITTEE PRESENTS:

Vaccine Appointments

Appointments are now available at the new FDOH-Lee indoor COVID-19 vaccination site located at the Edison Mall. Individuals are able to schedule an appointment online at myvaccine.fl.gov or by calling 833-540-2032. In some cases, same day appointments are available. Refer to this site for more information [COVID-19 Information](#).

There are multiple public transit options available to transport Lee County residents to and from the FDOH - Lee COVID-19 vaccination site at the Edison Mall. For route and bus information go to [Lee Tran options](#). If you are eligible for LeeTran's passport program, you can also utilize this service to make an appointment and get dropped off and picked up at this vaccination site. For more information call 239 -533-0300.

If you have a scheduled appointment, follow these tips to best prepare for your visit.

1. Bring a sweater or jacket as the building is cold.
2. Bring government issued identification.
3. Bring a completed Vaccine Screening and Consent Form available here [Form](#).

CARES ACT Emergency Rental Assistance Program

There is still CARES Act Funding available through the [Lee Cares Emergency Rental Assistance Program](#). Lee County will pay up to six months of past due rent and utilities and three months of prospective payments for qualified households, plus ongoing payment of future rent as permitted. Income eligibility guidelines can be found here [Income Eligibility guidelines](#).

Masks

When traveling on public transportation, a mask is still required by Federal Executive Order. Make sure your mask fits snugly covering your nose and mouth while on buses and planes and in airports and bus stations. Get more information at <https://fal.cn/3fbbD>.

COMMUNITY SPOTLIGHT

Ms. Lisa G. Roberson, CPA has been hired as the City's Finance Director. Ms. Roberson has over 21 years of experience with her main focus in local government. Notably, she has received the Certificate of Achievement for Excellence in Financial Reporting Award from the Governmental Finance Officers Association while previously serving almost twelve years as the Finance Director of Bonita Springs and five years during her time with the Village of Estero. Welcome to Ms. Robinson!

Stay Connected in 2021

Bonita Springs is dedicated to making sure it's citizens are informed and aware of useful resources that will help guide them during potential hazard and emergency situations. We would like to remind you of resources you can subscribe to and receive the latest emergency information.

City of Bonita Springs Website:

The city website offers a variety of emergency information from the EOC and FEMA. As information is received from these agencies it is immediately posted to the city website in a corresponding document container which you can subscribe to and receive information as it's released. You can also receive district specific news from the city by subscribing to your district on the site. Click this link to sign up [Bonita Springs District Subscription](#).

This information can also be accessed through the City of Bonita Springs app, which can be downloaded in the Google Play or Apple App Store.

Social Media:

The city also uses its various social media pages to push out messaging and city information during emergency situations.

- [City of Bonita Springs Twitter](#)
- [City of Bonita Springs Facebook](#)
- [City of Bonita Springs Nextdoor](#)

County Emergency Information & Alert Lee:

AlertLee is an emergency notification system that allows registered users to receive telephone, text, and/or email alerts related to natural or man-made emergencies. The AlertLee system will be used when an emergency arises, such as severe weather situations, missing persons, evacuation notices, fire or floods and active shooter situations. To sign up, residents should go to www.AlertLee.com and select their municipality or unincorporated in Lee County and complete the registration steps.

You can also access county wide emergency information directly from links below:

[Lee County Emergency Management](#)

SEA TURTLE NESTING SEASON Begins MAY 1st

Each year, between spring and fall, female sea turtles return to the beaches where they were born to build nests, lay their eggs and return to the ocean. After a sixty-day incubation period, the baby turtles are ready to hatch and crawl into the sea. The journey is arduous and according to the Sea Turtle Conservancy, one in 1,000 to 10,000 sea turtles survives to adulthood.

Residential Pre-Hurricane Season Maintenance

All major cutting of vegetation and disposal of yard waste should be completed before the beginning of hurricane season on June 1st. Prior to Hurricane Season, proactively survey your property for loose or discarded items that could become projectiles or hazards in a storm. The City of Bonita Springs arranges for removal of debris from routine yard maintenance throughout the year, by way of an interlocal agreement with Lee County. If you are having trees removed or doing any other major cutting, you may consider having your contractor include the price of debris removal as part of their service. You may also consider having the horticultural debris from major cutting or tree removal transported to a Horticultural Recycling Facility. There is a fee for disposal.

What you can do to prepare for Hurricane Season

1. Arrange to cut back all trees and weak branches that could contact buildings.
2. Clean pallets can be place curbside with garbage.
3. Old Fencing (Chain Link) - Call Hauler for special pick up. Concrete must be removed from bottom of poles.
4. Old Fencing (Wood) -2 yards per week may be stacked neatly and placed curbside for pick up with regular garbage.
5. Leaves - Must be bagged, containerized, or bundled (each weighing no more than 50 lbs.)
6. Palm Fronds- Up to 50 lbs. can be placed unbundled at curb on your yard waste pick up day. Large quantities should be bagged/containerized/bundled, with each bundle no heavier than 50 lbs. in weight.
7. Tree Branches, Brush- Branches should be cut to no longer than 6 feet in length and bagged/bundled or containerized in bundles no more than 50 lbs. in weight.
8. Burning of horticultural debris or yard waste is not permissible within City limits.
9. Clean your yard of any items that could pose a danger to you or your neighbors in hurricane force winds such as old lumber, broken lawn furniture, etc. and place curbside on your bulk waste collection day.

Once a tropical storm or hurricane warning has been declared

1. Do not cut down trees or do major yard work.
2. Do not begin construction projects that produce debris.
3. Once a watch or warning has been issued, do not trim vegetation of any kind.
4. Mass cutting places a tremendous burden on the collection and disposal processes and there is not enough equipment or manpower to handle the additional material before the storm makes landfall. You could put not only yourself at risk but your neighbors as well.
5. Contact hauler or facility before taking materials to a transfer stations or landfill during a watch or warning period. Services may be suspended during this time and facilities closed early to prepare for the storm.

The time to develop and practice your emergency plan is prior to hurricane season.

Prepare your Emergency Supply Kit before the start of hurricane season. Add a few pieces to your supply kit each week so that it doesn't break your budget. Remember to check your kit often and rotate the non-perishable food items in your kit.

Council on the Move

City Council members pose for photo welcoming new members: Fred Forbes Council District 6, Chris Corrie Council District 4, Laura Carr Council District 3, Mayor Rick Steinmeyer, Amy Quaremba Council District 1, Mike Gibson Jr. Council District 5, and Jesse Purdon Council District 2.

Left: Swearing-In Ceremony of recently elected Mayor Rick Steinmeyer performed by the Honorable Judge Shannon McKee, Judicial Court Judge. Pastor Doug Pratt furnished the invocation.

On Tuesday, March 30th, the Outreach Advisory Committee presented a Certificate of Recognition to Olivia Briceño, in recognition of Olivia being the inaugural Student Body President for the graduating class of Bonita Springs High School Class of 2021, pictured right.

Left to Right: Michael Robinson, Committee Chairman Altony Lee, Councilman Jesse Purdon, Olivia Briceño, Olivia's father Mel Briceño, Andres Paz, Peter Simmons, and Juan Romero.

Congratulations to Councilman Fred Forbes, Elected Southwest Florida League of Cities President

The Southwest Florida League of Cities (SWFLC) is a non-partisan, membership organization made up of elected officials from every city in Charlotte, Collier, Hendry and Lee Counties. The mission of SWFLC is to defend Municipal Home Rule as granted in Florida Statutes, Chapter 166. 001 and to bring closer together the cities situated in our region and the State of Florida. SWFLC has 12 member cities in our 4-county region: Bonita Springs, Cape Coral, Clewiston, Estero, Everglades City, Fort Myers, Fort Myers Beach, LaBelle, Marco Island, Naples, Punta Gorda and Sanibel.

SWFLC strives to study the challenges facing municipalities, to work for the general improvement of local government and create a platform to exchange of ideas and experiences with best practices in local administration. Our League works for the welfare of all of citizens within Southwest Florida and also fosters municipal education and a greater civic consciousness.

SWFLC is proud to announce the installation of new officers: President Councilman Fred Forbes of Bonita Springs, Vice President Commissioner Julie Wilkins of LaBelle, Treasurer Mayor Holly Smith of Sanibel, Secretary Councilwoman Joanne Ribble of Estero and Past President Councilwoman Teresa Watkins Brown of Fort Myers. Our new leadership team is already hard at work promoting Florida League of Cities “Building Stronger Cities: Organizing, Empowering, Delivering,”. This statewide initiative focuses on citizen education and engagement in support of Home Rule in Florida. President Forbes said “Our Executive Officer Team is fully committed to getting the message out to our stakeholders - the residents of our Cities—so they can give input to their elected officials in Tallahassee on proposed legislation which directly affects them. We believe this new approach by the FL League of Cities and our Southwest Florida League will result in better legislation which protects the rights of our residents and their quality of life”.

Fred Forbes, Councilman for Bonita Springs District Six, has also been appointed to the Board of Directors for the Florida League of Cities organization.

CITY OF BONITA SPRINGS WATER CONSERVATION

ORDINANCE EXPLAINED

Landscape irrigation shall be prohibited daily between the hours of 9:00 a.m. and 5:00 p.m.

Watering Options: Year-Round Landscape Irrigation - Users may irrigate on two days or may exercise the option to irrigate a third day.

When can I water the lawn in Bonita Springs?

Odd-numbered street addresses may water lawns and landscapes on **Mondays, Wednesdays and/or Saturdays, only midnight until 9 a.m. OR after 5 p.m. until midnight.**

Even-numbered street addresses, **no street address** or those that **irrigate both even and odd addresses** within the same zones, which may include multi-family units and homeowners associations, may water lawns and landscapes on **Tuesdays, Thursdays and/or Sundays, only midnight until 9 a.m. OR after 5 p.m. until midnight.**

When can I water my newly planted landscaping and sod, less than five acres in size?

1 to 30 days: from midnight until 9 a.m. OR after 5 p.m. to midnight on Mondays, Tuesdays, Wednesdays, Thursdays, Saturdays and Sundays.

Irrigation is not permitted on Fridays.

31 to 90 days: from midnight until 9 a.m. OR after 5 p.m. to midnight on Mondays, Wednesdays, Thursdays and Saturdays.

These rules permit new landscape watering only. Homeowners should keep documentation on any new landscaping, such as a dated receipt of purchase, in case they are required to provide proof of the installation date.

Irrigation is not permitted on Fridays.

Can I hand-water my lawn? Yes. You can hand water stressed plants for 10 minutes per day using a single hose with an attached automatic shut off nozzle.

What other low-volume watering methods are allowed? Persons using a low volume irrigation system will be allowed to water seven (7) days a week except during the hours between 9:00 a.m. and 5:00 p.m. Drip, bubble and micro-jet systems that apply water directly to rootplant zones may be used any time. However, a voluntary reduction in use is encouraged and any low-volume system should not produce water runoff. Watering cans are also low-volume and can be used anytime.

When can I wash my car or boat? Anytime. Vehicle washing is not restricted. When washing a car, best water conservation practices are to park it over a non-paved or porous surface to limit water runoff, and always attach an automatic shut-off nozzle to your hose. Best water conservation practices are to limit boat rinsing to 15 minutes after it has been in saltwater.

When can I use a pressure washer? Anytime. Pressure washing is not restricted. Best water conservation practices are to use low-volume equipment that produces water pressure of 1,000 pounds per square inch to 4,000 pounds per square inch. Channel runoff water onto the grass or another non-paved surface. At restaurants, just ask. All restaurants within the City of Bonita Springs are prohibited from serving water to any customer from any public or private well, water supply, or distribution system except when specifically requested by the customer.

Is there some way I can get permission to change my watering day or times? Yes. You may apply for a variance from water restrictions by contacting South Florida Water Management District. However, you must demonstrate a hardship in complying with the restrictions and certify that you will implement an alternative method for achieving the target cutbacks. The application and instruction forms are online. Your application will be reviewed by South Florida Water Management District staff, and approval or denial is based on criteria listed in the [Water Shortage Plan Rule](#). For more information, visit www.sfwmd.gov or call (800) 432-2045.

What happens if I don't follow these restrictions? Any irrigation performed from 9:00 a.m. to 5:00 p.m. will be subject to fines. Irrigation during these hours wilts sod and plants and wastes water through evaporation. Water restrictions are mandatory and will be enforced by local government through law enforcement or zoning and code enforcement agencies.

Did You Know.....

The City of Bonita Springs held the Hazardous Waste Collection Event for its residents on April 7th. Residents were able to safely and responsibly dispose of household chemical waste like leftover paints, cleaners, herbicides, pesticides, automotive fluids and pool chemicals. The HCW Collection is part of the City of Bonita Springs interlocal agreement with the County to provide residents convenient and responsible disposal of chemicals that might otherwise be harmful to people and the environment.

FPL Underground Conversion Project — The City Council has approved moving forward with Florida Power & Light Company’s Underground Facilities Conversion Agreement for West Terry Street from Pine Avenue to Edenbridge Court. This project will convert existing electric poles to underground facilities on the north side of West Terry Street, along the recently completed multi-use pathway. This project will support fewer number of power interruptions, no poles or overhead wires in the conversion area and better reliability in normal and adverse weather conditions, especially during wind and lightning events. This project is projected to be completed in 2022.

Incoming Funds for Multi-Use Paths - this past January City Council agreed to move forward with a sub-recipient agreement with Lee County that would provide funding for Multi-use Paths throughout the city. The Department of Housing and Urban Development recognizes Lee County as an Urban County in the Community Development Block Grant program. As such, the County is designated as the Lead Agency to implement yearly entitlement funds. Cities within the County (Bonita Springs, Sanibel, and Fort Myers Beach) have agreed to partner with Lee County to manage their yearly entitlement allocation since early 2000. Since 2004, Bonita Springs has partnered with Lee County through an Urban County Cooperation Agreement.

City staff received the sub-recipient agreement from Lee County Human and Veterans Services on January 5, 2021 which contains a one-year agreement that covers the City’s entitlement funds for FY 2020 -2021. The funds received from this agreement, which total \$371,384, will be designated to various multi-use paths projects throughout the City.

Did You Know.....continued

The Public Works Department is currently working on the following projects:

Maddox Lane Sidewalk & Drainage Project – City Council has approved a resolution awarding Infinite Construction LCC with the Maddox Lane Sidewalk and Drainage Project. Infinite Construction LLC will construct a new sidewalk along the south side of Maddox lane between Cockleshell Drive and Paradise Road. The new sidewalk will include drainage structures and swale and ditch regrading for improved storm-water flow, along with other improvements to the area affected by the construction. The new sidewalk is projected to be complete by the end of the 2021.

West Terry Street Pathway Extension – The West Terry Street Pathway extension project includes the construction of an eight foot wide concrete pathway, along the north side from Pine Avenue (easterly) to the west side of the outfall ditch/railroad. A pedestrian seating area behind the current bus stop at the north-west corner of Palm Street will be added. This \$4.7 million project strives to improve Bicycle Pedestrian safety and connectivity, in line with the transportation strategic priority identified by City Council.

West Terry Street Pathway Extension

Gulf Coast Garden Club & The City of Bonita Springs BLUE STAR MEMORIAL HIGHWAY DEDICATION

The First Blue Star Marker in Bonita Springs was dedicated on March 29th. The Gulf Coast Garden Club had been working with the city and raising funds for the sign dedicated to our Armed Forces.

In 1945, the National Council of State Garden Clubs, Inc. approved the Blue Star Memorial Highway Marker program. Old Route 41 is now a Blue Star Memorial Highway.

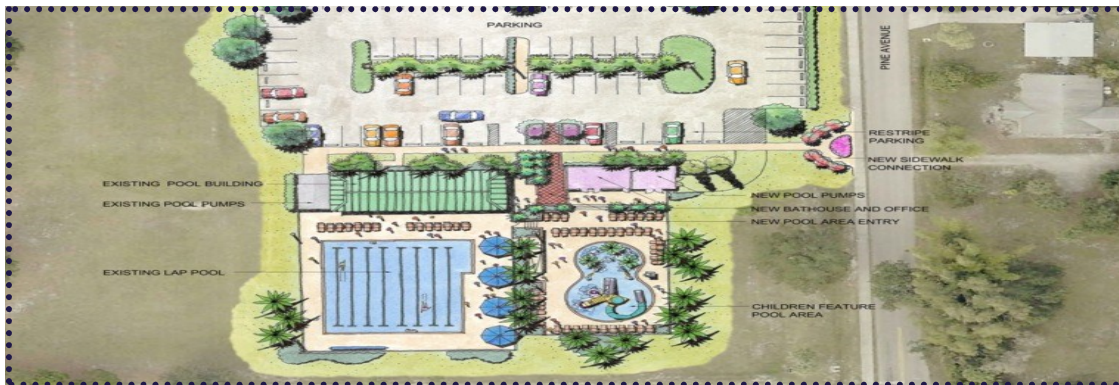

The purpose of the Blue Star Memorial Highway project is to erect highway markers at roadside rest stops, vista points, historical sites and other appropriate areas to pay tribute to all who have served, those who are presently serving, and those who will serve in the nation's armed forces.

Proposed Additions to Bonita Springs Pool Facility

Council has approved moving forward with discussions regarding the addition of a children’s water playground and two family restrooms at the city’s pool facility. In 2016, the City hired Stantec Consulting Services to design a Children’s Activity Pool addition to the City’s community pool that included expanded locker rooms and a family restroom facility. This project was fully designed with LDO approval and shovel ready plans. At that time, the construction costs were estimated to be \$750,000, and the project was slated to be funded with Park Impact Fees. The project was then placed on hold due to its cost and other city priorities at the time, with the intent for staff to revisit this project in the future.

In recent discussions, the City Attorney has advised that a family restroom should be constructed at the City’s Community Pool for liability purposes. The estimated cost of a family restroom facility is approximately \$200,000. The pool facility is also currently in need of a roof replacement with a cost of \$45,000. Council has directed staff to reach out to Stantec for updated pricing for the proposed improvements and to move forward with discussions for the project in its entirety as a Capital Improvement Project for the upcoming budget.
