**BONITA SPRINGS, FLORIDA
COMMUNITY DEVELOPMENT DEPARTMENT
ZONING DIVISION
STAFF REPORT**

PROJECT NAME: ROOFTOP AT RIVERSIDE

TYPE OF CASE: SPECIAL EXCEPTION

CASE NUMBER: SPE21-82680-BOS

HEARING DATE: NOVEMBER 16, 2021

PLANNER: MIKE FIIGON II

REQUEST AND STAFF RECOMMENDATION

A special exception request for a mobile food vendor park on properties in the Downtown District, pursuant to Land Development Code Section 4-868.

Deviations Requested: None

Staff recommends **APPROVAL** of the request in conjunction with the conditions outlined later in this Staff Report.

I. APPLICATION SUMMARY:

- A. Applicant: Rooftop at Riverside, LLC
- B. Agent: Phoenix Associates of Florida, Inc., Brian Howell
- C. Request: A special exception request for a mobile food vendor park on properties in the Downtown District, pursuant to Land Development Code Section 4-868.
- D. Location: 27333 Old 41 Road & 35-47-25-B2-00309.007A (Address Undetermined—Corner Lot); Bonita Springs, Florida 34135
- E. Future Land Use Designation, Current Zoning and Use of Property:

Future Land Use: Downtown District

Current Zoning: T5-Core (T5-C)

Current Use: Vacant

F. Surrounding Land Use:

<u>Existing Zoning & Land Use</u>	<u>Future Land Use Map</u>
North: T5-Core, Bar & Cocktail Lounge; Special District—Imperial River District (SD-IRD); Vacant	Downtown District
East: T5-Core; Auto Supply	Downtown District
South: Reynolds Street Right-Of-Way, Civic Open Space (C-OS); Lee County Sherriff's Sub-Station	Downtown District
West: Old 41 Right-of-Way, T5 Core; Retail	Downtown District

II. BACKGROUND AND INFORMATIONAL ANALYSIS

Introduction/Synopsis

The special exception request is to allow a mobile food vendor park in the T5-Core transect of the Downtown District. Pursuant to Land Development Code (LDC) Section 4-868, a mobile food vendor park can be permitted in the T5 Core through the special exception process.

The City of Bonita Springs is the owner of record for the subject parcels. In concert with the Downtown revitalization efforts, the City issued a Request for Proposal (RFP) to the development community in January of 2020 for several city-owned properties, including the properties subject to this application. The original intent was to have bids due in mid-April, with presentations to Council taking place in late April. Due to the COVID-19 pandemic, the RFP date was extended to May 2020, and a presentation schedule was not definitive, due to issues surrounding in-person meetings and finding a suitable location while City Hall was under renovation. Ultimately, a presentation was made in front of City Council on October 21, 2020, after which time the City entered into a purchase agreement with the Applicant, which would not be finalized until a decision had been made on the Special Exception request.

While the scope of the request is for the mobile food vendor park, the site plan (Attachment A) also includes a 4,946 square foot (sf) two-story bar and restaurant, plus an outdoor dining area, kids play area, and an accessory building for additional storage and public restrooms. The site has been designed to comply with the City's vision outlined in the Comprehensive Plan and effectuated in the form-based code for the Downtown District.

Parking standards for the Downtown District would permit the project to utilize the city-constructed parking spaces that are immediately adjacent to the site on Old 41 and Reynolds Street. However, the Applicant has proposed another seven (7) spaces to be located on the northern portion of the property, along the 20' wide alleyway. A Staff-proposed condition of approval requires the Applicant to coordinate the final design and permitting of these spaces with the City of Bonita Springs Public Works Department. Another part of the overall plan is the provision of an off-site parking area (25 spaces), to be located at 27400 Old 41 Road (the Lemon Tree lot)—a city-owned property. At this time, it is proposed that the City would maintain ownership of the parking lot. LDC Sec. 4-870(i)(5) provides regulations for shared parking lots, including a requirement that the use be located within 800' of the parking area, as measured along the pedestrian circulation route. To this end, the Applicant provided an exhibit that outlines the pedestrian route from the off-site parking area to the mobile food vendor site. The distance is less than

500', which exceeds the code requirement. In accordance with the code, the Applicant is also proposing three times the requirement for bicycle parking (3 spaces are required, 9 are being provided). It is the Staff opinion based on the proposal, there is/will be adequate parking to accommodate proposed mobile vendor park and bar/restaurant building.

The Applicant has also provided architectural elevations and renderings for the site and buildings, provided as Attachment B. The renderings and elevations have been reviewed by the City Architect for compliance with the T5-Core transect. It is the Staff opinion that, if approved, the site should be developed generally consistent with the proposed elevations. A condition of approval (Condition #2) has been provided to this effect.

Special Exception Review Criteria

Per LDC Sec. 4-131, the Zoning Board must consider the following criteria when reviewing a special exception request:

- a. *Where there exists changed or changing conditions that make approval of the request appropriate.*
- b. *The testimony of the applicant*
- c. *The testimony of staff*
- d. *The testimony of the public*
- e. *Whether the request is consistent of the goals, objectives, policies and intent of the Bonita Plan*
- f. *Where the request meets or exceeds all performance and locational standards set forth for the proposed use*
- g. *Whether the request will protect, conserve or preserve environmentally critical areas and natural resources*
- h. *Whether the request will be compatible with existing or planned uses*
- i. *Whether the request will cause damage, hazard, nuisance or other detriment to persons or property*
- j. *Whether a requested use will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use set forth in this chapter.*

In reviewing the request, Staff is able to make the following findings based on the aforementioned criteria:

Criterion A: Where there exists changed or changing conditions that make the approval of the request appropriate

Staff Analysis: The changed condition would be the implementation of a new form-based code specifically for the Downtown District. The overall intent of the code is to provide guidelines for redevelopment of a site based on form, aesthetics, and site design. This represents a shift from a code geared towards addressing specific uses of a site. However, since mobile food vendor parks tend to utilize open space and fewer physical structures, the LDC requires them to obtain a special exception, if proposed in the T5-Core transect of the Downtown District. The proposed project could represent a long-standing City goal of economic redevelopment for Downtown.

Criterion B: The testimony of the Applicant

Staff Analysis: While the testimony is to be considered during the public hearing process, The Applicant has submitted materials to support their position. The application and attendant documentation is provided as part of Attachment C.

Criterion C: The testimony of Staff

Staff Analysis: While the testimony is to be considered during the public hearing process, this staff report and the associated conditions of approval represent the staff position on the request.

Criterion D: The testimony of the public

Staff Analysis: To be considered during the public hearing

Criterion E: Whether the request is consistent with the goals, objectives, policies, and intent of the Bonita Plan

Staff Analysis: The Bonita Plan was amended in 2020 to create Policy 1.1.11 for the Downtown District. A copy of the policy is provided later in this report. It is "...intended to promote the development of a mixed use downtown with a variety of building types and uses that support viable and diverse local business and cultural institutions, walkable and complete streets, predictable standards, business investment, attractive small-town urban character, and context-based development." Staff anticipates this mobile vendor park will create and new food and entertainment destination for the Downtown District. If successful, existing and/or new complimentary uses

may emerge as a result of this synergistic use. As a result it is the Staff opinion the requested project is consistent with this Bonita Plan policy.

Criterion F: Whether the request meets or exceeds all performance and locational standards set forth for the proposed use

Staff Analysis: The project will be developed consistent with the standards of the T5-Core transect in the Downtown District, which include setback requirements, height requirements, lot coverage requirements, and the incorporation of façade and frontage elements. For this project, Staff also reviewed the location of the buildings in relation to Old 41, and the siting of the mobile food vendor pads. The code for the Downtown District does not include additional locational or performance standards for mobile food vendor parks. The project is consistent with LDC Sec. 4-2159, where applicable. This section provides general standards for mobile food vendor parks. However, the applicability section for the form-based code for the Downtown District (4-866(d)) contains a statement that where code sections are in regulatory conflict, the form-based code shall prevail. It is the staff opinion that the proposed project is meeting the applicable performance and locational standards.

Criterion G: Whether the request will protect, conserve or preserve environmentally-critical areas and natural resources

Staff Analysis: There are no environmental sensitivities or natural resources that have been observed on the subject property.

Criterion H: Whether the request will be compatible with existing or planned uses

Staff Analysis: The project is commercial in nature and meets the standards of the T5-Core transect. Surrounding properties are also within the T5-Core transect, which would permit commercial and/or mixed-use projects designed consistent with the form-based code. The code is intended to provide guidelines for the redevelopment effort, with properties to be redeveloped along similar themes or patterns. Staff has not identified any compatibility issues with the subject application.

Criterion I: Whether the request will cause damage, hazard, nuisance, or other detriment to persons or property

Staff Analysis: The property is located in a transect that allows a mixture of uses, surrounded by commercial property. Development would be subject to the LDC, the Florida Building Code, ADA requirements and FEMA requirements. The City's Noise Control Ordinance will remain in full force and effect and a condition (Condition 8) is being proposed by Staff to memorialize this fact. It is the Staff opinion the project is consistent with the criterion.

Criterion J: Whether a requested use will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use set forth in this chapter

Staff Analysis: LDC Sec. 4-868 requires a special exception for mobile food vendor parks, if located in the T5 Core of the Downtown District. The Applicant has applied for the required special exception and submitted the necessary attendant documentation for staff review. The documentation is included as part of Attachment C. There are no deviations or variances being sought. As a result, it is the Staff opinion the proposed project is in compliance with the zoning provisions of LDC Chapter 4.

As such, it is Staff's opinion that the Applicant has been able to demonstrate compliance with the special exception criteria.

Surrounding Zoning

To the north is a 20' wide alleyway, followed by property in the T5-Core transect that is primarily used as a bar, called Chartreuse Craft Cocktail Lounge. To the east is also T5-Core-zoned property that is occupied by Napa Auto Parts. To the south is the Reynolds Street right-of-way, followed by property owned by the City and located in the Civic-Open Space transect and currently utilized as open space and a Lee County Sheriff's Office substation. To the west is the Old 41 right-of-way, followed by more T5-Core property which houses a variety of commercial uses, including a bicycle shop, fishing supply store, and a beauty salon. The surrounding property is primarily commercial in nature and would be afforded a variety of commercial uses. It is the Staff opinion that the proposed mobile food vendor park and restaurant would not have an adverse effect on the surrounding property.

Neighborhood Compatibility

In addition to the immediately-adjacent properties discussed above, the proposed project is located within a block of Riverside Park, which, for many

years has been considered the heart of Downtown Bonita. The Park is owned by the City and houses a variety of highly-attended events, such as Christmas in the Park, Jazz Fest, Art Fest, and Bonita Fest. To the southeast of the property is the new 30,000sf+ Lee County Library, which, among many features, contains meeting rooms that can accommodate up to 109 people. Less than 220' to the north is more property that is owned by the City, located in the SD-IRD (Special District-Imperial River District) Transect, in which the City is currently in negotiations with a local development firm regarding commercial development plans for the property. It is the Staff opinion that a mobile food vendor park and restaurant would be compatible with the neighborhood and would aid in the City's longstanding goal of redeveloping the Downtown District.

Environmental Considerations

The subject properties do not contain environmental sensitivities that would hinder the redevelopment effort. A landscape plan has been provided that demonstrates consistency with open space requirements, general tree requirements, parking area tree requirements, and perimeter buffering standards. The proposed landscape plan is part of the application backup in the packet (Attachment C).

Traffic

The Applicant provided a Traffic Impact Statement (TIS), which was reviewed by the City's traffic engineer. The calculations were based on a 4,000sf+ bar and restaurant building and eight pads for mobile food vendors, which accurately depicts the intended uses of the property. A project is considered to have significant impact if it accounts for 2% or more of a roadway's adopted level of service capacity for that particular roadway link. The analysis shows that Old 41 Road (between East Terry Street and Bonita Beach Road) will be impacted by the project and its associated traffic could account for as much as 4.3% of the total traffic traveling that roadway segment. The roadway segment is constrained, which by definition, means that the roadway cannot/will not be widened due to community scenic, historic, aesthetic, right-of-way, or environmental constraints. Based on Transportation Element Policy 1.1.7. *All development utilizing a constrained roadway shall provide multi-modal or other alternative transportation improvements as set forth in the City's LDC.* The Applicant has accounted for this element of multi-modal transportation by providing on-site bike racks and additional pedestrian connections.

Other segments that were examined were Bonita Beach Road—west of Old 41; Bonita Beach Road—west of Race Track Road; Old 41—north of East Terry Street; Old 41—south of Bonita Beach Road; West Terry Street—east

of US 41; East Terry Street—east of Old 41; and Pennsylvania Avenue—east of Michigan Street. The impacts on these roadway links has been determined to be below the threshold of a significant impact. The TIS is included as part of the application backup in the packet (Attachment C).

Comprehensive Plan Considerations

Policy elements that are applicable to the request are the infrastructure element, the transportation element, and the future land use element.

With regards to the infrastructure element, the properties have access to city water and sewer connections. There is also an existing stormwater permit approved by the South Florida Water Management District (SFWMD) which covers this portion of the Downtown District. A ledger is maintained and updated every time a project is issued a local development order (site plan approval). The permit will be modified to accommodate the proposed project. The requested use of a mobile food vendor park is consistent with the infrastructure element.

Regarding the transportation element, as explained earlier in this report, the project is deemed to have a significant impact on the roadway link of Old 41 between East Terry Street and Bonita Beach Road. Based on Transportation Element Policy 1.1.7. *All development utilizing a constrained roadway shall provide multi-modal or other alternative transportation improvements as set forth in the City's LDC.* The project is accounting for multi-modal transportation and will provide on-site bike racks and additional pedestrian connections. The requested use of a mobile food vendor park is consistent with the transportation element.

Regarding the future land use element, the subject property is located within the Downtown District future land use category according to the Future Land Use Map of the City's Comprehensive Plan. The Downtown District category is described in **Policy 1.1.11** as:

Policy 1.1.11: Downtown District: *The City shall adopt the Downtown District Map and re- designate the area previously known as the "Old 41" Town Center Mixed-Use Redevelopment Overlay Area to hereinafter known as the "Downtown District." The Downtown District Map, Figure 2, reflects the boundaries generally located from Tropical Drive to Bonita Beach Road between Tennessee Street/Williams Road and Dortch Avenue. The Downtown District is intended to promote the development of a mixed use downtown with a variety of building types and uses that support viable and*

diverse local business and cultural institutions, walkable and complete streets, predictable standards, business investment, attractive small-town urban character, and context-based development. To implement this vision, the City of Bonita Springs will adopt a Form-Based Code into the City's LDC. Permitted uses are specified in the Downtown District Plan as set forth in the City's Land Development Code (LDC).

a. The permitted form and land uses in the Downtown District are designated by the Downtown Plan as set forth in the City's LDC and that described in the Terry Street Subdistrict.

b. The following requirements shall apply to the Downtown District:

1. Density. The maximum density within the Downtown District is limited to 20 du/acre. The City of Bonita Springs Downtown Plan in the City's LDC provides additional specificity on densities. The maximum density set forth in Policy 1.1.11.b.1 is not applicable to the Terry Street Subdistrict. The maximum densities allowable within the Terry Street Subdistrict are identified in Policy 1.1.11.b.5.

2. To encourage vertical mixed-use, when residential and commercial uses are contained within one building, the City will exclude commercial square footage when determining the number of residential units otherwise allowable. This provision is not applicable to properties located within the Terry Street Subdistrict. Mixed-use developments are intended to permit a mix of residential uses, not to exceed 20 units per acre, with commercial, light industrial and public and semi- public uses to provide live-work opportunities for residents within the area. Such uses shall accommodate retail or commercial uses and residential units in the same building. The appropriate form in mixed use areas shall comply with the standards set forth in the City's LDC.

3. Maximum allowable height of structures shall be 65 feet as measured from 12 inches above the crown of the frontage road.

4. Nonresidential uses shall be limited to a maximum floor area ratio (FAR) of 1.2.

5. *Terry Street Subdistrict. The boundary of the Terry Street Subdistrict is that portion of the Town Center area bounded on the south by Goodwin Street and Baxter Avenue and west of Leitner Creek. The purpose of the Terry Street Subdistrict is to encourage development or redevelopment which blends densities, intensities, and uses. Such redevelopment shall be pursuant to a unified planned zoning district for a mixed use planned development.*
 - a. *A proposed mixed use development must be submitted and reviewed under a unified planned development rezoning application, and the boundary for such proposed development must be contiguous, excluding any separation by a public right-of-way, and shall be located completely within the Terry Street Subdistrict.*
 - b. *The maximum density of the planned development shall be 20 units to the acre. The total acreage of the proposed mixed use development may be utilized for the purpose of calculating gross residential density. Allowable density shall be determined on a case-by-case basis subject to compatibility with surrounding properties and appropriate transition to lands located outside of the Terry Street Subdistrict. The maximum density shall not be increased pursuant to a conversion of commercial floor area and/or any density bonus provisions, including, but not limited to, an affordable housing density bonus.*
 - c. *Nonresidential uses shall be limited to a maximum floor area ratio (FAR) of 0.5. The total acreage of the proposed mixed use development may be utilized for the purpose of calculating commercial FAR.*
 - d. *Maximum allowable height of structures shall be limited to 55 feet. Allowable height shall be determined on a case-by-case basis subject to compatibility with surrounding properties and appropriate transition to lands located outside of the Terry Street Subdistrict. For the purposes of this Subdistrict, height shall be measured as the vertical*

distance from 18" above the adjacent roadway to the eave line of the building.

The requested use of a mobile food vendor park is consistent with the Downtown District future land use category.

Findings & Conclusion

It is Staff's opinion that the special exception request for the use of a mobile food vendor park is consistent with the provisions of the Comprehensive Plan, is compatible with existing uses within the area, will not cause damage, hazards or nuisance, will not impact environmentally critical areas (none are on site), and is located in an area with adequate public facilities.

Based upon an analysis of the Application and the special exception approval criteria, Staff makes the following findings and conclusions, as conditioned:

1. The requested special exception, as conditioned:
 - a) Meets or exceed all applicable performance and locational standards set forth for the proposed use;
 - b) is consistent with the goals, objectives, policies and intent set forth in the City of Bonita Springs Comprehensive Plan;
 - c) is compatible with existing or planned uses in the surrounding area;
 - d) will not cause damage, hazard, nuisance or other detriment to persons or property;
 - e) will not have an adverse effect on surrounding properties; and
 - f) will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use set forth in the City's Land Development Code.

III. RECOMMENDATION:

Staff recommends **APPROVAL** of the request with the following conditions:

1. The special exception will be valid for this Applicant only.
2. The site shall be generally consistent with the attached site plan (Attachment A), and the attached architectural plans (Attachment B).
3. A maintenance plan for food trucks entering and exiting the site shall be provided at time of Local Development Order submittal and be part of the ultimate approved set of plans.
4. Signage, striping, and curb cuts for the proposed parking on the north and its effect on the alleyway must be coordinated, processed, and permitted through a separate permit with the City of Bonita Springs Public Works Department.
5. A lot combination or unity of title application must be submitted by the Applicant and approved by Staff prior to the issuance of a local development order.
6. A lighting plan must be submitted at time of local development in accordance with LDC Chapter 3, and must be designed and installed in a way that is consistent with lumen standards and also in a way that does not cause nuisance glare onto surrounding property.
7. The proposed off-site parking lot improvements must be completed prior to the issuance of a certificate of occupancy and include a minimum of 25 parking spaces. Any proposed or improved curb cuts or access points on to city-maintained roads shall be coordinated, processed, permitted, and inspected through the City of Bonita Springs Public Works Department.
8. The City of Bonita Springs Noise Control Ordinance remains in effect in its entirety.
9. Additional information or changes to the plan not covered by this approval may require additional approvals, such as approval for indoor/outdoor alcohol consumption. Such approvals will follow the processes outlined in the Land Development Code.
10. Unless modified by this approval, the property shall be developed consistent with the regulations of the Land Development Code and the T5-Core transect of the Downtown District

PART I

APPLICANT\PROPERTY OWNERSHIP INFORMATION

A. Name of applicant: _____
Street Mailing Address: _____
City: _____ State: _____ Zip: _____
Phone Number: Area Code: _____ Number: _____ Ext. _____
E-mail: _____

B. Relationship of applicant to property:
_____ Owner _____ Trustee* _____ Option holder*
_____ Lessee* _____ Contract Purchaser*
_____ Other (indicate)* _____

*If applicant is NOT the owner and the application is NOT City-initiated, submit a **notarized** Authorization Form from the owner to the applicant. Label the attachment "Exhibit I-B-1".

* If the application is City-initiated, enter the date the action was initiated by the City Council: _____

Attach a copy of the "green sheet" and a list of all property owners, and their mailing addresses, for all properties within the area described. Names and addresses must be those appearing on the latest tax rolls of Lee County. Label the "green sheet" as "Exhibit I-B-2" and the list as "Exhibit I-B-3".

C. Name of owner of property: _____
Street Mailing Address: _____
City: _____ State: _____ Zip: _____
Phone Number: Area Code: _____ Number: _____ Ext. _____

D. Date property was acquired by present owner(s): _____

E. Is the property subject to a sales contract or sales option? _____ NO _____ YES

F. Are owner(s) or contract purchasers required to file a disclosure form? _____ NO _____ YES. If yes, please complete and submit Exhibit I-F (attached).

G. ___Authorized Agent(s): List names of authorized agents. Attach extra sheet if more space is required

Name: _____
Contact Person: _____
Address: _____
Phone: _____ E-mail: _____

**PART II
GENERAL INFORMATION**

A. Legal Description: Is property within a platted subdivision recorded in official Plat Books of Lee County?

_____ NO. *Attach a legible copy of the legal description (labeled Exhibit II-A-1.) and a certified sketch of description as set out in Chapter 5J-17.053, F.A.C., Florida Administrative Code, unless the subject property consists of one or more undivided platted lots. If the application includes multiple abutting parcels, the legal description must describe the perimeter boundary of the total area, but need not describe each individual parcel. However, the STRAP number for each parcel must be included. (labeled Exhibit II-A-2.)*

_____ YES. Property is identified as:

Subdivision Name: _____

Plat Book: _____ Page: _____ Unit: _____ Block: _____ Lot: _____

Submit a copy of the Plat Book page with subject property clearly marked. Label this Exhibit II-A-3.

STRAP NUMBER: _____

B. Project Street Address: _____

C. General Location of Property (referenced to major streets) _____

D. Nature of Request: (Check applicable answers)

_____ Rezoning FROM: _____ TO: _____

_____ Special Exception for: _____

E. Property Dimensions

1. Width (average if irregular parcel): _____ Feet

2. Depth (average if irregular parcel): _____ Feet

3. Frontage on road or street: _____ Feet

4. Width along waterbody (If applicable): _____ Feet

5. Total land area: _____ Acres or Square Feet

F. Facilities

1. Fire District: _____

2. Sewer Service Supplier: _____

3. Water Service Supplier: _____

G. Present Use of Property: Is the property vacant? _____ Yes _____ No

Except for City-initiated requests, if the property is not vacant, the owner or applicant's signature on this application indicates that the Owner agrees to either remove all existing buildings and structures, OR that the use of the building or structure(s) will be in compliance with all applicable requirements of the land development code.

Briefly describe current use of the property: _____

H. Property restrictions: Are there any deed restrictions or other types of covenants or restrictions on the property? _____ Yes _____ No. If yes, submit a copy of the restrictions and a written statement as to how the restrictions may affect the request.

PART III
AFFIDAVIT

I, CHRIS MAGNUS, certify that I am the owner or authorized representative of the property described herein, and that all answers to the questions in this application and any sketches, data or other supplementary matter attached to and made a part of this application, are honest and true to the best of my knowledge and belief. I also authorize the staff of City of Bonita Springs Community Development to enter upon the property during normal working hours for the purpose of investigating and evaluating the request made thru this application.

RE: Rooftop at Riverside
Special Exception Application – Mobile Food Truck Park

We would like to submit Rooftop at Riverside for a Special Exception Application for the use of a Mobile Food Truck Park. The project is located within the Downtown Bonita Springs Corridor at 27333 Old 41 on the NE corner of the Old 41 Road and Reynolds Street intersection.

The Rooftop at Riverside project will consist of 8 food truck concrete pads which will supply each truck with water, sewer, electrical & gas service. The site will also have a 4,961 sf, two-story bar which will provide beverages and indoor dining. Additional amenities to the site will include outdoor dining, a kids play area and an accessory building to provide storage and additional bathrooms.

The site has been designed to comply with the Bonita Form Based Code and the Bonita Vision for the Downtown Historical District to create a unique and enjoyable dining experience.

Rooftop at Riverside is zoned TC-5 which permits Mobile Food Truck Parks via the Special Exception application.

If you have any questions or comments regarding this application, please contact me at (239) 596-9111 ext. 203 or by email clascano@phoenix-associates.com .

Sincerely,

Chris Lascano

Conclusions

Based upon the findings of this report, it was determined that Rooftop at Riverside will not have a significant or negative impact upon the surrounding (E + C) road network. It was verified that all roadways, within the project's area of impact, currently have a surplus of capacity and can accommodate the traffic associated with the proposed bar and food truck land use. As determined, the road network will continue to operate at acceptable levels of service for the foreseeable future and the project will not create any off-site transportation deficiencies that need to be mitigated.

Roadway LOS Determination

Old 41 Road (south of Terry Street) is classified as a two-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,300 vph for the 100th highest hour peak direction has been determined for this road. As concluded, Old 41 will have a project build-out traffic demand of 925 vphpd and a v/c ratio of 0.71.

Old 41 Road (north of Terry Street) is classified as a four-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,920 vph for the 100th highest hour peak direction has been determined for this road. As concluded, Old 41 will have a project build-out traffic demand of 1,415 vphpd and a v/c ratio of 0.74.

Therefore, this project will be consistent with the criteria of the City's Transportation Concurrency Management Policy.

Purpose of Report

The following report has been prepared pursuant to the criteria set forth by the Traffic Impact Statement Guidelines as set forth by the City of Bonita Springs. This report provides an in-depth evaluation of the potential transportation related impacts which may occur because of developing Rooftop at Riverside.

Scope of Project

Rooftop at Riverside is a proposed bar and food truck land use that will be located on the northeast corner of Reynolds Street and Old 41 Road, within the City of Bonita Springs. The bar will be housed in a two-story structure that will have a total floor space of 4,961 square feet. The site will also have a total of eight (8) food truck pads. For additional details, refer to the site plan prepared by Phoenix.

Table A
Proposed Site Development

Proposed Land Use	Size/Units
Bar	4,961 s.f.

Project Generated Traffic

Traffic that can be expected to be generated by the project was estimated based upon the guidelines established by the Institute of Transportation Engineers, Trip Generation Manual, 10th Edition. That is, historical traffic data collected at similar land uses was relied upon in estimating the project's traffic. In referencing the Trip Generation Manual, it was concluded that land use codes Drinking Place (LUC 925) and Food Cart Pod (LUC 926) were the most appropriate uses to estimate the project traffic.

Table 1 of this report provides a detail of the trip generation computations. Table B provides a summary of the results.

Table B
Trip Computations Summary
(Summation of Table 1)

Total Daily New Trips (ADT)	Total AM New Trips (vph)	Total PM New Trips (vph)
N/A	N/A	80

The report finds that the project will generate less than 100 trip ends during the highest peak hour. As such, the Report investigated the traffic impacts associated with the project based upon the criteria set forth by the City of Bonita Springs Traffic Impact Statement Guidelines for developments generating "Less Than 100 Trips".

Existing + Committed Roadway Conditions

Figure 1 and Table 2 provide a detail of the surrounding E + C road network.

Old 41 Road (south of Terry Street) is classified as a two-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,300 vph for the 100th highest hour peak direction has been determined for this road. The posted speed limit along Old 41 is 35 MPH.

Old 41 Road (north of Terry Street) is classified as a four-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,920 vph for the 100th highest hour peak direction has been determined for this road.

Project Generated Traffic Distribution

The project's traffic was distributed to the surrounding roadway network based upon logical means of ingress/egress, current and future traffic patterns in the area, location of competing businesses and residential areas. Figure 2 and Table 2 provide a detail of the traffic distributions based on a percentage basis. Table 2 also depicts the project traffic by volume.

Area of Significant Impact

The area of significant impact was determined based upon the City of Bonita Springs' 2%, 2% and 3% criteria (i.e., if the project's traffic is 2% or more of a roadway's adopted level of service capacity, then the project has a significant impact upon that link). Table 2 describes the project traffic distributions and the level of impact on the surrounding roadways. As shown, no roads will be significantly impacted by the project.

Project Build-Out Conditions

In order to establish 2021 thru 2023 project build-out conditions, traffic count data was adjusted for peak season conditions, peak hour conditions, peak hour (K30), peak direction (D Factor), and then an annual growth rate was applied to forecast future volumes. The peak season/peak hour/peak direction volumes, which are depicted on Table 3, were obtained from the City of Bonita Springs 2021 Traffic Count Report. The annual growth rate was derived from historical traffic counts also provided in the traffic report, but no less than an AGR of 1% was applied. After the background data was established, the project generated traffic was added to the 2023 traffic volumes. Table 4 provides a summary of the anticipated 2021 thru 2023 traffic conditions.

Roadway LOS Determination

Old 41 Road (south of Terry Street) is classified as a two-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of

1,300 vph for the 100th highest hour peak direction has been determined for this road. As concluded, Old 41 will have a project build-out traffic demand of 925 vphpd and a *v/c* ratio of 0.71.

Old 41 Road (north of Terry Street) is classified as a four-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,920 vph for the 100th highest hour peak direction has been determined for this road. As concluded, Old 41 will have a project build-out traffic demand of 1,415 vphpd and a *v/c* ratio of 0.74.

Re: SPE21-82680-BOS, Rooftop at Riverside Mobile Food Truck Park Special Exception

Dear Mr. Howell,

The Zoning Division has reviewed the information provided and supplemented for the special exception request referenced above. The application has been found insufficient for the reasons stated below. In addition to insufficiency comments, substantive comments have also been provided.

Please submit the aforementioned items in order for the City to process your application effectively. If the requested items are not received within sixty (60) calendar days of this letter, the application will be considered **withdrawn**.

Feel free to contact me if you have any questions.

Sincerely,
DEPARTMENT OF COMMUNITY DEVELOPMENT
Planning and Zoning Division

BONITA SPRINGS Planning and Zoning

Sufficiency Comments

1. Application: Per LDC 4-28, evidence of a pre-filing neighborhood meeting should have been included with the application. Please provide a copy of the notice that was sent to surrounding property owners, the advertisement that was placed in a newspaper of general circulation, and any sign-sheets, minutes, and presentation materials that were used at the meeting.
2. Site Plan: For clarification purposes, staff is requesting the site plan to be amended to include the following information:
 - a. A separate sheet (if necessary) showing the layout and plan for the second story of the proposed building
3. Downtown District Requirements
 - a. The subject property is located in the Transect 5 Core (T5 Core). Please provide sample architectural renderings that demonstrate compliance with the form-based provisions of the T5 Core. The renderings should include elevations from all sides of the property and should accurately depict what is shown on the proposed site plan (i.e. building location, awnings/covers, fencing, landscaping, shade structures, seating, etc.).
 - b. The parking calculations indicate that 25 parking spaces are proposed to be located off-site, at 27400 Old 41 Road. Please provide a sample plan that shows the site is able to effectively accommodate 25 spaces while meeting the parking design provisions of the Downtown District for the T5 Core.

Substantive Comments:

1. Staff has concerns regarding the location of the proposed north-western most parking space, as it may cause vehicles to be backing out into the oncoming traffic on Old 41. Staff recommends coordinating with the Public Works Department for proper permitting and approvals of any improvements or modifications intended to take place within a City right-of-way.
2. Community Development reserves the right to make additional comments upon review/resubmittal from Applicant.

Please contact: Mike Fiigon II, Senior Planner

Phone: 239-444-6151

E-mail: mfiigon@cityofbonitaspringscd.org

BONITA SPRINGS Engineering

Sufficiency Comments

1. Narrative: Please update the narrative to include a explanation of how the food trucks will enter/exit the site. Please explain how long the trucks will stay on-site, the proposed arrival and departure times, and how they will maneuver through the site without damaging the landscaping. Please update the site plan accordingly based on this information.
2. Parking: Please provide a parking plan for 27400 Old 41 Road and explain/provide the intended route for patrons to utilize to reach the food truck park.

If 42 parking spaces are being proposed/provided, then two (2) handicapped spaces must be located directly adjacent to the site. Please note that handicapped parking spaces must be dispersed around the site.
3. Per LDC 4-1691, please indicate if a loading area will be utilized and if so, its proposed location.

Substantive Comments

1. The existing 20' wide right-of-way to the north is not sufficient for two-way traffic. All signage, striping, and curb cuts should be coordinated with the Public Works Department.
2. Please note that handicapped accessibility is required throughout the site, including (but not limited to) the parking areas, buildings, and restroom facilities.
3. Please note that all proposed lighting must meet the standards of LDC 3-269 and LDC 4-870(1).
4. The dumpster location and size shall meet the requirements of LDC 3-269 and LDC 3-493. Please note that the proposed location may require approval from Lee County Solid Waste. Please note that minor modifications to the aforementioned code sections are proposed to be heard by City Council on August 4, 2021 and August 18, 2021.
5. It is recommended that the proposed on-site/adjacent parking are to the north be constructed to match the City-built parking areas in terms of paver size and color. Staff recommends coordinating with Public Works for additional information.
6. Stormwater: There is an existing South Florida Water Management District (SFWMD) Conceptual Permit for the Downtown District that will need to be modified to include the proposed development. Additionally, roof drainage will need to be collected and routed to the appropriate outfall location.
7. Please note that per LDC 3-266, no structures shall be permitted to encroach into easements without applying for and receiving approval for an easement encroachment action, with the explicit permission of the easement holder for the encroachment.

Please contact: Trisha Goff, PE

Phone: 239-444-6175

E-mail: tgoff@cityofbonitaspringscd.org

BONITA SPRINGS Environmental

Substantive Comments

1. When the site plan/landscape plan is submitted, the following aspects will be reviewed:
Landscape trees shall be reviewed for right tree/right place principles, particularly the spaces inside the development where trees are shown.
2. Additionally, the following regulations will be reviewed:

LDC Sec. 4-873(a)
 - (2) When a covered walkway along a building frontage or right-of-way is not provided, tall or medium trees or palms are required to establish continuous shade.
 - (4) Unless specifically prohibited due to building design and location, building perimeter plantings will be required. Property owners or registered agents may apply for administrative relief, plant the trees and/or shrubs in decorative pots, or have landscaping relocated to a different portion of the project site. Trees and shrubs required shall adhere to the species and sizes pursuant to Chapter 3 of the Comprehensive Plan.

Please contact: Laura Gibson, Environmental Specialist

Phone: 239-444-6142

E-mail: lgibson@cityofbonitaspringscd.org

BONITA SPRINGS Bike-Ped

Sufficiency Comments

1. Please provide additional details regarding the provision of the required shade structures/vegetation for pedestrian facilities along the project's Old US 41 and Reynolds Street frontages. Where a covered structure (Covered Porch, Awning, Pergola, etc.) is not provided, shade canopy trees should be utilized.
2. Please provide for additional bicycle parking beyond the five-bike capacity bike rack, given efforts to fully encourage and activate multimodal travel to/through the Downtown District.

Substantive Comments

3. Please coordinate with City of Bonita Springs Public Works Department for any work within the Old US 41 and Reynolds Street rights-of-way (ROW's) for any additional/separate permitting, design requirements and inspections. Please note that any work within City maintained ROW's will require permitting and approval by the Public Works Dept.

Email: sgibbons@cityofbonitaspringscd.org

BONITA SPRINGS Traffic

Sufficiency Comments

1. Please revise the trip generation using the average rate for Peak Hour of the Generator. This period is likely to occur outside of the peak hour of the adjacent street.
2. Please verify the trip distribution on Figure 2. The numbers do not appear to add up. For example, the percentage of trips distributed to the north is 50%, but the total percentage of trips shown on the segments of Terry Avenue and on Old 41 north of Terry add up to 55%.
3. Please include the number of trips for the distribution on Figure 2 in addition to the percentage as required in the TIS Guidelines.
4. Please use 2% as the minimum growth rate for background traffic in Table 3 as required in the TIS Guidelines.
5. Please identify the source for the peak direction capacity of 1300 vph for Old 41 between BBR and Terry Avenue shown on Tables 2 and 4. This is significantly greater than the two-lane segment of Old 41 south of BBR.
6. Revise all calculations, tables and figures as applicable per all other comments.

Please contact: Tom Ross, Traffic Group Leader

Phone: 407-718-5443

E-mail: tom.ross2@jacobs.com

BONITA SPRINGS Surveying & Planning

Substantive Comments

1. The Rooftop at Riverside project consists of more than one parcel. As such, a lot combination or Unity of Title is required prior to construction.
2. It appears that the distance between the open door (bi-fold) and the column on the south side of the City's sidewalk is approximately 2.5'. This distance is insufficient.
3. Please note that the back of house operations that are proposed along the Reynolds Street frontage must meet primary façade requirements for the T5 Core.

Please contact: Jay Sweet, AICP, PSM

Phone: 239-444-6178

Email: jsweet@cityofbonitaspringscd.org

SPE21-82680-BOS: Rooftop at Riverside Mobile Food Truck Special Exception

Page 2

BONITA SPRINGS Utilities

Substantive Comments

1. Please note that there is a gravity sewer main on the right-of-way line of Old 41. There is also a force main under the sidewalk area that is proposed for the covered porch area. Please coordinate with Bonita Springs Utilities on the proposed design.

Please contact: Dominic Strollo II, Staff Engineer

Part III Bonita Springs LAND DEVELOPMENT CODE
Chapter 4 – ZONING DIVISION 11. - REDEVELOPMENT OVERLAY DISTRICTS
ARTICLE V. - DISTRICT REGULATIONS
DIVISION 11. - REDEVELOPMENT OVERLAY DISTRICTS

Subdivision II. - Downtown Form-Based Code
Sec. 4-867. - Districts and transects. Transect zones. Development is regulated according to the intensity of use permitted on each parcel, according to the following transects. These are represented

in Figure 2.1-1.

T5-core (T5-C): A high intensity mixed-use zone, consisting of residential, commercial, and institutional uses. This zone shall include lots along Old 41 near the Imperial River. All buildings in this zone shall have a first-floor frontage that accommodates retail and/or restaurant uses as well as a gallery frontage.

This project is within the T5 (Core) transect and must comply with all requirements therein.

Provide the following signed and sealed by an architect licensed in the State of Florida:

- *Provide four (4) complete building elevations, fully annotated showing building materials and colors proposed.*
- *Provide first floor and second floor plans with dimensions and fully annotated,*
- *Provide roof plan for all buildings,*
- *Provide typical canopy section detail,*
- *Provide mass-void calculations on each building elevation and show story heights,*
- *Provide 3-D renderings of entire site showing all buildings, public areas, and food trucks,*
- *Pay special attention to the requirements of Sec. 4-871. - Architectural character, Sec. 4-872. - Storefronts and signage, and Sec. 4-873. - Landscape standards and guidelines.*

Re-submit three (3) complete sets of drawings to Bonita Springs Community Development Department for review.

To: Mike Fiigon II
From: Chris Lascano
**RE: Rooftop at Riverside Mobile Food Truck Park
Special Exception - SPE21-82680-BOS**

We would like to submit Rooftop at Riverside for Special Exception approval with revisions made per comment letter dated July 30th, 2021. The following revisions have been made:

Bonita Springs Planning and Zoning – Mike Fiigon II

Sufficiency Comments

1. The pre-filing neighborhood information meeting was held on 02/12/2021. Copy of notice, advertisement, sign-in sheets, and minutes included with this submittal.
2. Refer to SDP-2 for site plan with the second story bar layout.
3. a. Refer to Architectural Plans included in this submittal.
b. Refer to SDP-3 for 27400 Old 41 Road parking lot layout.

Substantive Comments

1. Refer to SDP-1: the on-site northern parking spaces have been revised to provide 30' throat length from Old 41 Road.
2. Acknowledged

Bonita Springs Engineering – Trisha Goff, PE

Sufficiency Comments

1. The food truck park site has been designed for the trucks to enter/exit from the 20' alley along the north of the property, between the proposed parking and trash enclosure. Trucks will operate on monthly leases and will remain on-site until the end of the lease. The site has been designed for the trucks to maneuver within the park, but some will require the use of a forklift for placement. Landscaping within the site is placed within a curbed landscape island or removable pot.
2. Refer to SDP-4 for the pedestrian pathway from and to the 27400 Old 41 parking lot and the food truck site. Each parking area will provide (2) handicapped spaces.
3. Refer to SDP-1: Loading area note added.

Substantive Comments

1. Refer to SDP-1: the 20' alley will be used as one-way traffic to be coordinated with the Public Works Department.
2. The site and building have been designed to follow ADA requirements.
3. Refer to SDP-1: lighting note added.
4. Refer to SDP-1: the trash enclosure has been designed per LDC 3-493.
5. Refer to SDP-1: the north parking area will be constructed to match existing City of Bonita parking areas.
6. Refer to SDP-1: stormwater note added. A SFWMD ERP Letter Modification to be required.

CORPORATE OFFICES
13180 LIVINGSTON ROAD – SUITE 204 – NAPLES, FLORIDA 34109

**PHOENIX ASSOCIATES
OF FLORIDA, INC.**
CGC #034149
WWW.PHOENIX-ASSOCIATES.COM
Design Build General Contractor

7. Acknowledged.

Bonita Springs Environmental – Laura Gibson

Substantive Comments

1. Refer to L-1 for landscape plan
2. Refer to L-1: landscape plans have been designed to meet LDC 4-873. Due to the placement of the building, only 50% of the required building perimeter plantings were able to be achieved.

Bonita Springs Bike-Ped – Sean Gibbons

Sufficiency Comments

1. Refer to SDP-1 & L-1: required shade along Old 41 Road and Reynolds Street provided via building structure and landscaping.
2. Refer to SDP-1: additional bike parking has been added.

Substantive Comments

1. Refer to SDP-1: work within ROW note added.

Bonita Springs Traffic – Tom Ross

Sufficiency Comments

1. The TIS has been revised as requested.
2. The TIS has been revised as requested.
3. Figure 3 has been added to the TIS that provides the traffic assignment as requested.
4. The TIS has been revised as requested.
5. The capacity volume of 1,300 vphpd was obtained from an older Lee County concurrency report. However, JMB noted that the City of Bonita Springs Traffic Report is using the lower volume threshold and the TIS was revised accordingly.
6. The TIS has been revised as requested.

Bonita Springs Surveying & Planning – Jay Sweet

Substantive Comments

1. Acknowledged.
2. Refer to SDP-1 & Architectural Plans: covered porch along Reynolds Street has been widened.
3. Refer to Architectural Plans for Reynolds Street elevation.

Bonita Springs Utilities – Dominic Strollo II

Substantive Comments

1. Refer to SDP-1: per meeting & comment the building has been moved 2' off the Old 41 Road property line to provide the required 5' separation from the existing 8" gravity main.

Bonita Springs Architectural

1. Architectural Plans and renderings have been provided in this submittal.

If you have any questions or comments regarding this application, please contact me at (239) 596-9111 ext. 203 or by email clascano@phoenix-associates.com.

Sincerely,

Chris Lascano

NOTICE OF NEIGHBORHOOD MEETING
The Rooftop at Riverside – 27333 Old 41 Road, Bonita Springs, FL 34135
Proposed Special Exception

NOTICE IS HEREBY GIVEN THAT Jim & Chris Magnus (“Applicant”) are holding a neighborhood meeting regarding their proposed Special Exception application. The purpose of this neighborhood meeting is for the applicant to obtain public input regarding the proposed project’s Special Exception and answer questions. No formal decision regarding the project will be made at this meeting.

PUBLIC MEETING DATE/TIME: 5:00 PM February 12, 2021
MEETING LOCATION/ADDRESS: Integrity Church
 10421 Pennsylvania Ave., Bonita Springs, FL 34135

TO DISCUSS THE FOLLOWING PROJECT:

PROJECT: The Rooftop at Riverside, Special Exception
CASE NUMBERS: Pre-Application Meeting
APPLICANT: Jim & Chris Magnus
SITE ADDRESS: 27333 Old 41 Road, Bonita Springs, Florida 34135

PROJECT DESCRIPTION:

The proposed Special Exception is for Jim & Chris Magnus to purchase the parcels located at 27333 Old 41 Rd., Bonita Springs, FL 34135 from the City of Bonita Springs and develop it into a family focused establishment with 8 food truck pads that will be fully loaded with utilities such as water/ sewer/ electric and propane, over 11,000 square feet of open green/ courtyard dining space, a two-story 4,100 square foot covered structure with deck and patio space for drinks and dining, 800 square feet of fireside patio dining, a 600 square foot playground and a mist wall to keep us all cool in our warm, sunny Florida summers.

The parcels are currently vacant and are zoned Downtown T-5 Core. A Mobile Food Vendor Park is a permitted use within the T-5 Core zoning via the Special Exception.

The Applicant will present the proposed project at the meeting and would like to receive input from the surrounding owners and residents. Please contact **Brian Howell at (239) 596-9111 x212** or bhowell@phoenix-associates.com for any questions.

Cc: Brian Howell; Chris Lascano; Randy Johns
Subject: Bonita Food Truck - Neighborhood Meeting
Attachments: BFTP - 2-12-2021_Meeting Attendees.pdf

Good Morning Jim & Chris,

I have attached a scan of the residents sign in sheet. From my head count, other than our team, there were 18 residents and 5 members of the church present.

Also below, I have listed some of the highlights from the public questions that were asked.

- Will this park have any effect on the neighboring strip mall?
- How much green space will be utilized?
- Will local restaurants be able to have a food trucks represented?
- What is the planned start date/opening date of the park?
- Will the park be pet friendly?
- Will there be different specialty types of food?
- Will "Green" food service-ware be used? Biodegradable and the like?
- Will the park be clean and cleaned?
- Will this park be there for the "long haul"?

If you have anything to add, just let me know.

Thank You and Have a Great Weekend!

Jim Worden

Conclusions

Based upon the findings of this report, it was determined that Rooftop at Riverside will not negatively impact the surrounding (E + C) road network, or cause any roadways to operate below the adopted level of service standard. However, it was determined that Old 41 (between Bonita Beach Road and W. Terry Street) currently operates at LOS F. Because the project does not cause Old 41 to operate below its adopted level of service standard and does not create any off-site transportation deficiencies, the project is not responsible for funding improvements that may be deemed necessary to remedy existing deficiencies.

The Developer will be required to pay for the project's portion of "consumed" capacity via payment of road impact fees. As set forth by the City of Bonita Springs' Impact Fee Ordinance, the fees are a pro rata assessment towards the funding of area-wide transportation improvements in order to support new growth. The amount of road impact fees paid per type of land use are determined via a "consumption-based impact fee approach", in which new development is charged based upon the proportion of vehicle-miles of travel (VMT) that each unit of new development is expected to consume of a lane mile of roadway network. The cost of consumed lane miles is based upon current roadway construction costs within Lee County. Therefore, the payment of road impact fees is the project's pro rata share of funding transportation improvements that are deemed necessary to support the demands generated by new growth. The fair share road impact fees can be used by the City of Bonita Springs to fund future transportation improvements that are deemed needed to support all existing and future developments that have an impact on the road network.

Roadway LOS Determination

Old 41 Road (between Bonita Beach Road and Terry Street) is classified as a two-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 910 vph for the 100th highest hour peak direction has been determined for this road. As established by the City of Bonita Springs' Traffic Count Report, this segment of Old 41 currently operates at LOS F, and the report concludes that Old 41 will have a project build-out traffic demand of 958 vphpd and a v/c ratio of 1.05.

Old 41 Road (north of Terry Street) is classified as a four-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,920 vph for the 100th highest hour peak direction has been determined for this road. As concluded, Old 41 will have a project build-out traffic demand of 1,450 vphpd and a v/c ratio of 0.76.

Purpose of Report

The following report has been prepared pursuant to the criteria set forth by the Traffic Impact Statement Guidelines as set forth by the City of Bonita Springs. This report provides an in-depth evaluation of the potential transportation related impacts which may occur because of developing Rooftop at Riverside.

Scope of Project

Rooftop at Riverside is a proposed bar and food truck land use that will be located on the northeast corner of Reynolds Street and Old 41 Road, within the City of Bonita Springs. The bar will be housed in a two-story structure that will have a total floor space of 4,961 square feet. The site will also have a total of eight (8) food truck pads. For additional details, refer to the site plan prepared by Phoenix.

**Table A
Proposed Site Development**

Proposed Land Use	Size/Units
Bar	4,961 s.f.
Food Truck	8 Pads

Project Generated Traffic

Traffic that can be expected to be generated by the project was estimated based upon the guidelines established by the Institute of Transportation Engineers, Trip Generation Manual, 10th Edition. That is, historical traffic data collected at similar land uses was relied upon in estimating the project’s traffic. In referencing the Trip Generation Manual, it was concluded that land use codes Drinking Place (LUC 925) and Food Cart Pod (LUC 926) were the most appropriate uses to estimate the project traffic. Note, trips were estimated based upon PM peak hour of adjacent street (i.e., 4 to 6 PM) and PM peak hour of the generator. The greater of the two results were used to assess the project’s impacts.

Table 1 of this report provides a detail of the trip generation computations. Table B provides a summary of the results.

**Table B
Trip Computations Summary
(Summation of Table 1)**

Total Daily New Trips (ADT)	Total PM (4-6 PM) New Trips (vph)	Total PM New Trips (vph)
N/A	80	130

The report finds that the project will generate less than 100 trip ends during the highest peak hour. As such, the Report investigated the traffic impacts associated with the project based upon the criteria set forth by the City of Bonita Springs Traffic Impact Statement Guidelines for developments generating “Less Than 100 Trips”.

Existing + Committed Roadway Conditions

Figure 1 and Table 2 provide a detail of the surrounding E + C road network.

Old 41 Road (between Bonita Beach Road and Terry Street) is classified as a two-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 910 vph for the 100th highest hour peak direction has been determined for this road. As established by the City of Bonita Springs’ Traffic Count Report, this segment of Old 41 currently operates at LOS F. The posted speed limit along Old 41 is 35 MPH.

Old 41 Road (north of Terry Street) is classified as a four-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,920 vph for the 100th highest hour peak direction has been determined for this road.

Project Generated Traffic Distribution

The project’s traffic was distributed to the surrounding roadway network based upon logical means of ingress/egress, current and future traffic patterns in the area, location of competing businesses and residential areas. Figure 2 and Table 2 provide a detail of the traffic distributions based on a percentage basis. Table 2 and Figure 3 also depict the project traffic by volume.

Area of Significant Impact

The area of significant impact was determined based upon the City of Bonita Springs’ 2%, 2% and 3% criteria (i.e., if the project’s traffic is 2% or more of a roadway’s adopted level of service capacity, then the project has a significant impact upon that link). Table 2 describes the project traffic distributions and the level of impact on the surrounding roadways. As shown, Old 41 (between Bonita Beach Road and W. Terry Street) will be significantly impacted by the project.

Project Build-Out Conditions

In order to establish 2021 thru 2023 project build-out conditions, traffic count data was adjusted for peak season conditions, peak hour conditions, peak hour (K30), peak direction (D Factor), and then an annual growth rate was applied to forecast future volumes. The peak season/peak hour/peak direction volumes, which are depicted on Table 3, were obtained from the City of Bonita Springs 2021 Traffic Count Report. The

annual growth rate was derived from historical traffic counts also provided in the traffic report, but no less than an AGR of 2% was applied. After the background data was established, the project generated traffic was added to the 2023 traffic volumes. Table 4 provides a summary of the anticipated 2021 thru 2023 traffic conditions.

Roadway LOS Determination

Old 41 Road (between Bonita Beach Road and Terry Street) is classified as a two-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 910 vph for the 100th highest hour peak direction has been determined for this road. As established by the City of Bonita Springs' Traffic Count Report, this segment of Old 41 currently operates at LOS F, and the report concludes that Old 41 will have a project build-out traffic demand of 958 vphpd and a *v/c* ratio of 1.05.

Old 41 Road (north of Terry Street) is classified as a four-lane arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 1,920 vph for the 100th highest hour peak direction has been determined for this road. As concluded, Old 41 will have a project build-out traffic demand of 1,450 vphpd and a *v/c* ratio of 0.76.

Re: SPE21-82680-BOS, Rooftop at Riverside Mobile Food Truck Park Special Exception

Dear Mr. Howell,

The Zoning Division has reviewed the information provided and supplemented for the special exception request referenced above. The application has been found sufficient and the following language will be drafted for the request.

A special exception request for a mobile food vendor park on properties in the Downtown District,, pursuant to Land Development Code Section 4-868.

Please let staff know in writing, by September 10, 2021, if the draft request language is sufficient.

Additionally, this letter contains several substantive comments that may affect the staff recommendation. Please review the comments accordingly and make revisions as needed.

Feel free to contact me if you have any questions.

Sincerely,
DEPARTMENT OF COMMUNITY DEVELOPMENT
Planning and Zoning Division

Mike Fiigon II

BONITA SPRINGS Planning and Zoning

Substantive Comments:

1. It is Staff's understanding that alcohol will be served on-site. Please note that consumption on premises requests are reviewed in accordance with Land Development Code Section 4-1023.
2. The site plan identifies eight (8) locations for mobile food vendors. Please confirm if this is the maximum number of vendors intended to occupy the site at any one time. If more are being considered, staff would recommend a site plan revision to show additional locations.

Please contact: Mike Fiigon II, Senior Planner

Phone: 239-444-6151

E-mail: mfiigon@cityofbonitaspringscd.org

BONITA SPRINGS Engineering

Substantive Comments

1. SDP-1: It is the staff opinion that a sidewalk running east/west should be located immediately adjacent to the proposed alleyway parking spaces to ensure there is safe pedestrian access to the food truck park and associated building. The sidewalk should connect to the proposed site entry sidewalk on the east, and the existing Old 41 sidewalk to the west.
2. Though the off-site parking plan is conceptual in nature, general access to the sidewalk on Old 41 cannot be via the handicap parking 5' striped access aisle. It is recommended to provide an additional walkway from the proposed parking area to the sidewalk on Old 41 Road.
3. Proposed Condition: A maintenance plan for food trucks entering and exiting the site shall be provided at time of Local Development Order submittal.
4. Proposed Condition: The existing 20' wide alleyway to the north of the food truck park site is not sufficient for two-way traffic. All signage, striping, and curb cuts must be coordinated with the City of Bonita Springs Public Works Department.
5. Lighting shall be designed and installed as to not cause glare onto surrounding residences or properties. Lighting shall meet the requirements of LDC Section 3-269 and Section 4-870(1).
6. Stormwater:
 - i. There is an existing South Florida Water Management District (SFWMD) conceptual permit for the Downtown District that will need to be modified for the proposed development.
 - ii. Roof drainage will need to be collected and routed to the appropriate drainage outfall location.

Please contact: Trisha Goff, PE
Phone: 239-444-6175
E-mail: tgoff@cityofbonitaspringscd.org

BONITA SPRINGS Environmental

Substantive Comments

1. The Applicant is put on notice that landscaping will be required for the off-site parking lot in conformity with the Land Development Code.

Please contact: Laura Gibson, Environmental Specialist
Phone: 239-444-6142
E-mail: lgibson@cityofbonitaspringscd.org

BONITA SPRINGS Bike-Ped

Substantive Comments

1. At time of Local Development Order, the Applicant shall coordinate with the City of Bonita Springs Public Works Department for any work conducted within the Old US 41 and Reynolds Street rights-of-way (ROW's) including but not limited to additional/separate permitting, design requirements and material specifications, approvals, and inspections. Please note that all work within City maintained rights-of-way (ROW's) will require permitting and approval by the City of Bonita Springs Public Works Department.

Please contact: Sean Gibbons, Bike-Ped Coordinator
Phone: 239-444-6176
Email: sgibbons@cityofbonitaspringscd.org

BONITA SPRINGS Floodplain

Substantive Comments

The following floodplain comments may affect the building design and lot layout and revisions to the site plan should be considered where applicable.

1. Submittal 2 Site Plan
 - a. Missing the flood zone determination information. Property is located in the mapped special flood hazard area identified as zone AE with a base flood elevation (BFE) of 10' NAVD as established by adopted Flood Insurance Rate Map panel 659F dated 8/28/2008. The design flood elevation (DFE) as required by the Florida Building Code is 11' NAVD.

2. Submittal 2 Architectural Plans

- a. Plans state that all first floor walls to be constructed of flood resistant materials.
 - i. Informational note: Florida Building Code – Building 801.5 requires that all interior finishes, including trim and decorative materials installed below the design flood elevation be of flood damage resistant materials.
- b. Sheet G-001
 - i. General Note states flood zone Req. FEMA Elevation – 11’ NAVD. FEMA Base Flood Elevation (BFE) is 10’ NAVD. Property is located in the mapped special flood hazard area identified as zone AE with a base flood elevation (BFE) of 10’ NAVD as established by adopted Flood Insurance Rate Map panel 659F dated 8/28/2008. The design flood elevation (DFE) as required by the Florida Building Code is 11’ NAVD.
- c. Sheet A-101 and I-101
 - i. Storage room shows two flood openings on one wall.
 1. Flood openings installed for wet-flood proofing compliance must be installed in at least two side of each enclosed area (two separate walls) as established by ASCE 24-14 2.7 and FEMA Technical Bulletin 1.
 - ii. Elevator enclosure shows flood opening.
 1. Elevator enclosures do not require wet flood proofing such as flood openings, reference ASCE 24-14 7.5. At time of commercial permit application evidence of the elevator’s compliance with FEMA Technical Bulletin 4.
 - iii. Stair 1 shows two flood openings.
 1. Installation of flood openings must be free from obstruction. Flood openings installed for wet-flood proofing compliance must be installed in at least two side of each enclosed area (two separate walls) as established by FEMA Technical Bulletin 1. These flood openings will be reviewed at time of commercial permit application with the stair construction details.
 - iv. Trash 1 has no flood openings.
 1. Areas enclosed below the design flood elevation for uses other than storage, parking and access must be dry floodproofed as required by ASCE 24-14 1.5.2 and 6.2.1.
 - v. Ice room shows two flood openings.
 1. A cooler/freezer space cannot be wet floodproofed. Freezer details will be reviewed at time of commercial permit application for protection from infiltration of flood waters (flood proofing) as required by ASCE24-14 1.5.2.
 - vi. Service hall shows enclosed area for service sink.
 1. Areas enclosed below the design flood elevation for uses other than storage, parking and access must be dry floodproofed as required by ASCE 24-14 1.5.2 and 6.2.1.
 - vii. Walk-in Cooler shows four flood openings.

1. A cooler/freezer space cannot be wet floodproofed. Freezer details will be reviewed at time of commercial permit application for protection from infiltration of flood waters (flood proofing) as required by ASCE 24-14 1.5.2
- viii. Men 1 restroom shows one flood opening.
 1. Wet floodproofing is not permitted for bathrooms installed below the established design flood elevation per ASCE 24-14 1.5.2. To utilize a non-residential space enclosed below the design flood elevation for items other than storage, parking and access the area must be dry floodproofed, reference FEMA Technical Bulletin 3 and ASCE 24-14 6.2.2.
- ix. Women 1 restroom shows one flood opening.
 1. Wet floodproofing is not permitted for bathrooms installed below the established design flood elevation per ASCE 24-14 1.5.2. To utilize a non-residential space enclosed below the design flood elevation for items other than storage, parking and access the area must be dry floodproofed, reference FEMA Technical Bulletin 3 and ASCE 24-14 6.2.2.
- x. Men 2 restroom is below the design flood elevation of 11' NAVD.
 1. To utilize a non-residential space enclosed below the design flood elevation for items other than storage, parking and access the area must be dry floodproofed, reference FEMA Technical Bulletin 3 and ASCE 24-14 6.2.2.
- xi. Women 2 restroom is below the design flood elevation of 11' NAVD.
 1. To utilize a non-residential space enclosed below the design flood elevation for items other than storage, parking and access the area must be dry floodproofed, reference FEMA Technical Bulletin 3 and ASCE 24-14 6.2.2.
- xii. Stair 2 shows three flood openings under servicing walk-in cooler and women 1 restroom.
 1. Installation of flood openings must be free from obstruction. Flood openings installed for wet-flood proofing compliance must be installed in at least two side of each enclosed area (two separate walls) as established by FEMA Technical Bulletin 1. These flood openings will be reviewed at time of commercial permit application with the stair construction details.
- xiii. 1st Main Service bar does not provide details (electrical, sink, under counter coolers) or proposed finished floor elevation (elevated?).
 1. A service bar installed below the design flood elevation of 11' NAVD containing electrical, mechanical or plumbing fixtures does not fall under storage, parking or access and is not permitted unless located in a dry floodproofed area, reference FEMA Technical Bulletin 3 and ASCE 24-14 6.2.2.
- xiv. Service hall is deemed as an enclosure (enclosed on three side).

1. Wet or dry floodproofing is required per ASCE 24-14 9.4.2 and 2.7.
- d. Sheet A-201
 - i. Does on provide base flood elevation, design flood elevation or proposed finished floor elevation.
- e. Sheet A-202
 - i. Does on provide base flood elevation, design flood elevation or proposed finished floor elevation.
- f. Sheet A-203
 - i. Does on provide base flood elevation, design flood elevation or proposed finished floor elevation.
- g. Sheet A-204
 - i. Does on provide base flood elevation, design flood elevation or proposed finished floor elevation.
- h. Sheet AS-101
 - i. Dumpster enclosure requires flood openings per ASCE 24-14 9.4.2 and 2.7.
 - ii. Accessory Building Men’s restroom shows flood opening.
 1. Wet floodproofing is not permitted for bathrooms installed below the established design flood elevation per ASCE 24-14 1.5.2. To utilize a non-residential space enclosed below the design flood elevation for items other than storage, parking and access the area must be dry floodproofed, reference FEMA Technical Bulleting 3 and ASCE 24-14 6.2.2.
 - iii. Accessory Building Women’s restroom show flood opening.
 1. Wet floodproofing is not permitted for bathrooms installed below the established design flood elevation per ASCE 24-14 1.5.2. To utilize a non-residential space enclosed below the design flood elevation for items other than storage, parking and access the area must be dry floodproofed, reference FEMA Technical Bulleting 3 and ASCE 24-14 6.2.2.
3. Attendant utilities for vendor trucks
 - i. Informational note: Electrical components for vendor trucks must be installed at or above the design flood elevation of 11’ NAVD per ASCE 24-14 7.2.4.

BONITA SPRINGS Surveying

Sufficiency Comments

1. The paved (paver) portion of the Alleyway is only 12 feet wide in the proposed angle parking off the City Alleyway along the north property boundary. To facilitate safety access from these parking spaces the sidewalk that abuts the dedicated handicap spaces needs to be extended westerly to the sidewalk along OLD 41.

Part III Bonita Springs LAND DEVELOPMENT CODE

Chapter 4 – ZONING DIVISION 11. - REDEVELOPMENT OVERLAY DISTRICTS

ARTICLE V. - DISTRICT REGULATIONS

DIVISION 11. - REDEVELOPMENT OVERLAY DISTRICTS

Subdivision II. - Downtown Form-Based Code

Sec. 4-866 General provisions.

(a) Transect zones

Sec. 4-867 Districts and transects.

Transect zones. Development is regulated according to the intensity of use permitted on each parcel, according to the following transects. These are represented in Figure 2.1-1.

(b) Application of the transect zones.

- (1) (T5-C): A high intensity mixed-use zone, consisting of residential, commercial, and institutional uses. This zone shall include lots along Old-41 that are within the T5-core zone.

Sec. 4-870 Urban design standards and guidelines.

(d) Building height.

- (1) The height of all structures is limited as specified in Tables 5.1-1 to 5.1-5.

(2) Story measurement.

- a. Building height is measured in stories above sidewalk grade.
- b. Ground floor story heights are measured from the following:
 1. Ground floor story heights for non-residential uses shall be measured starting from 12 inches above the crown of the frontage road and must be flood proofed according to FEMA standards. The ground floor shall not be located any higher than 18 inches above the crown of the frontage road.

(d) Building height.(1)The height of all structures is limited as specified in Tables 5.1-1 to 5.1-5.

(2) Story measurement.

- a. Building height is measured in stories above sidewalk grade.

- b. Ground floor story heights are measured from the following:
 - 1. Ground floor story heights for non-residential uses shall be measured starting from 12 inches above the crown of the frontage road and must be flood proofed according to FEMA standards. The ground floor shall not be located any higher than 18 inches above the crown of the frontage road.
- (3) Story height.
 - a. Above ground stories are limited in height as specified in Tables 5.1-1 to 5.1-5 and as follows:
 - 1. Story height is measured from finished floor to finished ceiling.
 - 2. Story height is measured at all points within the structure.

**Story Height: Ground floor non-residential
14 ft.—20 ft.**

It appears that the 1st floor story height is 13'-0". Change this story height to 14'-0" minimum.

- (j) Fences and walls—Fencing and walls.
 - (2) Fence and wall height is limited as specified in Table 5.10-1 and as follows (see Table 5.10-3 for terminology):
 - a. Frontage fencing and walls must be located as follows:
 - b. Fencing and walls must be a minimum of four inches from public sidewalks in all instances.
 - c. Fencing and walls must be within three feet of frontage lines.
 - d. Fencing and walls over three feet in height must be set back from the street-side edge of sidewalks as least two feet plus the minimum sidewalk width specified by FDOT for the street type designation.
 - (4) Metal and iron fencing must be black.

Indicate on the drawings the height of all fencing. The color of the fencing must be black.

Sec. 4-871. - Architectural character.

(2) Exterior colors

Provide a color scheme using standard colors from the approved color palette and indicate the colors chosen in a palette schedule and annotated on each building elevation. Provide a color swatch on one elevation drawing sheet (1 set only).

(b) Openings and walls.

(3) Glazing.

- a. Storefronts shall not have tinted (greater than ten percent), mirrored, reflective, or colored glass on doors or windows.
- b. Storefronts shall have vertically proportioned lights/panes.

West elevation shows a horizontal window in the ice room. Revise the shape of the window to be compliant with the requirement above (vertically proportioned).

Sec. 4-872. - Storefronts and signage.

(6) Security gates and shutters:

Solid metal security gates and solid roll-down shutters **shall not be permitted**. Interior link

or grill security devices may be permitted if they can be completely enclosed or hidden from view when not in use, and subject to the approval by the city.

Provide an alternative solution and resubmit a suggestion to the City Architect at sam@vincentarchitects.com, or call 239.963.6693 to discuss.

Sec. 3-491. - Site design standards.

Conduits, meters, and vents. Conduits, meters and vents and other equipment attached to the building or protruding from the roof shall be screened or painted to match surrounding building surfaces. Conduits and meters cannot be located on the primary facade of the building.

[Screening.] All other mechanical equipment (ground-mounted and/or non-roof) shall be screened from public view and adjacent properties by integration into the building design. Screening shall consist of wing walls, shrubs, trees, berms, or combination thereof. Each individual screening element must meet the minimum design standards set forth in this Code.

Locate all ground mounted equipment on the drawing plans provided and provide landscape screening around a minimum three (3) sides of equipment so as to screen fully. Revise the architectural and landscape drawings to shown added landscaping; list all plant species and height at planting and maintenance height.

Provide to the offices of Community Development Department three (3) revised sets of architectural and landscaping plans for further review.

**RE: Rooftop at Riverside Mobile Food Truck Park
Special Exception - SPE21-82680-BOS**

We would like to submit Rooftop at Riverside for Special Exception approval with revisions made per comment letter dated August 29th, 2021. The following revisions have been made:

Bonita Springs Planning and Zoning – Mike Fiigon II

Substantive Comments

1. Acknowledged: Alcohol is to be served on-site & an Administrative Action for Consumption on Premises is required.
2. The site has been designed to accommodate no more than (8) mobile food vendors.

Bonita Springs Engineering – Trisha Goff, PE

Substantive Comments

1. Refer to SDP-1: the sidewalk along the row of parking has been extended to the connect to the existing Old 41 Road sidewalk.
2. Refer to SDP-3: additional sidewalk connections from the off-site parking lot to the existing Old 41 Road sidewalk have been added.
3. Acknowledged: Mobile Food Vendors ingress/egress maintenance plan to be provided with the Development Order.
4. Acknowledged: 20' alley to be one-way, striping, signage & curbing to be coordinated with City of Bonita Springs Public Works.
5. Acknowledged: Lighting to be designed to comply with LDC Sec. 3-269 & 4-870(1).
6. Acknowledged: SFWMD permit modification to City of Bonita Springs Downtown permit required.

Bonita Springs Environmental – Laura Gibson

Substantive Comments

1. Acknowledged: Landscaping for the off-site parking lot required.

Bonita Springs Bike-Ped – Sean Gibbons

Substantive Comments

1. Acknowledged: A ROW permit from the City of Bonita Springs Public Works is required for all work to be conducted within the ROW.

OF FLORIDA, INC.**
CGC #034149
WWW.PHOENIX-ASSOCIATES.COM
Design Build General Contractor

Bonita Springs Floodplain – Ayita Williams

1. Refer to SDP-1: the building finished floor elevation will be 7.8' NAVD. The building is to be dry flood proofed to elevation 11.0' NAVD.
2. Refer to Architectural Plans: the building will be dry flood proofed to elevation 11.0' NAVD.
3. Acknowledged: the electrical pedestal for the mobile food vendors connection will be designed to be at or above elevation 11.0' NAVD.

Bonita Springs Surveying & Planning – Jay Sweet

Sufficiency Comments

1. Refer to SDP-1: the sidewalk along the row of parking has been extended to the connect to the existing Old 41 Road sidewalk.

Bonita Springs Architectural

1. Refer to Architectural Plans: the first-floor story height has been revised to 14'-0".
2. Refer to SDP-1: fencing to be bronze / black.
3. The building colors have not been determined at this time, to be provided during the Development Order / Architectural Review.
4. Refer to Architectural Plans: window within the ice room has been removed.
5. Refer to Architectural Plans: the doors on the east elevation have been revised.
6. Acknowledged: Conduits, meters & vents to be painted to match the building. Mechanical equipment to be roof mounted.

If you have any questions or comments regarding this application, please contact me at (239) 596-9111 ext. 203 or by email clascano@phoenix-associates.com .

Sincerely,

Chris Lascano

ZONING NOTES

SUBJECT PROPERTY: T5-CORE

ADJACENT PROPERTIES:
NORTH - 20' ALLEY THEN T5-CORE
SOUTH - 70' R.O.W. (REYNOLDS ST.) THEN C-OS
EAST - T5-CORE
WEST - 70' R.O.W. (OLD 41 RD) THEN T5-CORE

PER ORDINANCE 2020-10, THE PROPOSED DEVELOPMENT MEETS THE PROPERTY DEVELOPMENT REGULATIONS OF LOT AREA AND DIMENSIONS, SETBACKS, BUILDING HEIGHT AND LOT COVERAGE.

DIMENSIONAL STANDARDS

	REQUIRED	PROVIDED
LOT AREA	20,000 SF - MAX.	19,503 SF
LOT WIDTH	20' MIN. - 150' MAX.	130'
LOT DEPTH	30' MIN.	150'
MIN. YARD REQUIREMENTS		
NORTH	REAR ALLEY - 15' FROM CL	15'-0"
SOUTH	FRONT - 0' - 10'	0'
EAST	SIDE - 0' - 5'	0'
WEST	FRONT - 0' - 10'	2'-0"
BUILDING HEIGHT	4 STORIES MAX.	2 STORIES
FINISHED FLOOR ELEVATION	11.0' NAVD	7.8' NAVD*

*BUILDING TO BE FLOOD PROOFED TO ELEVATION 11.0' NAVD

LAND USE

	SQ. FEET	ACRES	PERCENTAGE
TOTAL AREA	19,503	0.45	100.0
BUILDING ROOF AREA	3,668	0.08	18.8
IMPERVIOUS	5,546	0.13	28.4
PERVIOUS	10,289	0.24	52.8

PARKING CALCULATIONS

RESTAURANT / BAR = 3 SPACES PER 1,000 SF
MOBILE FOOD VENDOR = 3 SPACES PER MOBILE FOOD VENDOR
OUTDOOR DINING = 1 SPACES PER 15 SEATS

RESTAURANT / BAR = 5,386 SF ÷ 1,000 SF x 3 = 16.2 SPACES
MOBILE FOOD VENDOR = 8 TRUCKS x 3 = 24 SPACES
OUTDOOR DINING = 24 SEATS ÷ 15 = 1.6 SPACES

	REQUIRED	PROVIDED
TOTAL PARKING SPACES	42	42
REGULAR SPACES	39	38
HANDICAPPED SPACES	3	4
BICYCLE PARKING - 1 PER 2,000 SF OF BAR	3	9

PARKING SPACES PROVIDED:
(7) PARKING SPACES ON-SITE (PROPOSED)

Re: SPE21-82680-BOS, Rooftop at Riverside Mobile Food Truck Park Special Exception

Dear Mr. Howell,

The Zoning Division has reviewed the information provided and supplemented for the special exception request referenced above. The application has been found sufficient and the following language will be drafted for the request.

A special exception request for a mobile food vendor park on properties in the Downtown District,, pursuant to Land Development Code Section 4-868.

Staff acknowledges the resubmittal addressing the substantive comments contained in the letter dated August 29, 2021.

Feel free to contact me if you have any questions.

Sincerely,
DEPARTMENT OF COMMUNITY DEVELOPMENT
Planning and Zoning Division

NOTICE OF NEIGHBORHOOD MEETING
The Rooftop at Riverside – 27333 Old 41 Road, Bonita Springs, FL 34135
Proposed Special Exception

NOTICE IS HEREBY GIVEN THAT Jim & Chris Magnus (“Applicant”) are holding a neighborhood meeting regarding their proposed Special Exception application. The purpose of this neighborhood meeting is for the applicant to obtain public input regarding the proposed project’s Special Exception and answer questions. No formal decision regarding the project will be made at this meeting.

PUBLIC MEETING DATE/TIME: 5:00 PM October 7, 2021
MEETING LOCATION/ADDRESS: Integrity Church
 10421 Pennsylvania Ave., Bonita Springs, FL 34135

TO DISCUSS THE FOLLOWING PROJECT:

PROJECT: The Rooftop at Riverside, Special Exception
CASE NUMBERS: SPE21-82680-BOS
APPLICANT: Jim & Chris Magnus
SITE ADDRESS: 27333 Old 41 Road, Bonita Springs, Florida 34135

PROJECT DESCRIPTION:

The proposed Special Exception is for Jim & Chris Magnus to purchase the parcels located at 27333 Old 41 Rd., Bonita Springs, FL 34135 from the City of Bonita Springs and develop it into a family focused establishment with 8 food truck pads that will be fully loaded with utilities such as water/ sewer/ electric and propane, over 11,000 square feet of open green/ courtyard dining space, a two-story 4,948 square foot covered structure with deck and patio space for drinks and dining, 500 square feet of patio dining, a 535 square foot playground and a mist wall to keep us all cool in our warm, sunny Florida summers.

The parcels are currently vacant and are zoned Downtown T-5 Core. A Mobile Food Vendor Park is a permitted use within the T-5 Core zoning via the Special Exception.

The Applicant will present the proposed project at the meeting and would like to receive input from the surrounding owners and residents. Please contact **Brian Howell at (239) 596-9111 x212** or bhowell@phoenix-associates.com for any questions.

NOTICE OF NEIGHBORHOOD MEETING
The Rooftop at Riverside – 27333 Old 41 Road, Bonita Springs, FL 34135
Proposed Special Exception

NOTICE IS HEREBY GIVEN THAT Jim & Chris Magnus (“Applicant”) are holding a neighborhood meeting regarding their proposed Special Exception application. The purpose of this neighborhood meeting is for the applicant to obtain public input regarding the proposed project’s Special Exception and answer questions. No formal decision regarding the project will be made at this meeting.

PUBLIC MEETING DATE/TIME: 5:00 PM October 29, 2021
MEETING LOCATION/ADDRESS: Integrity Church
10421 Pennsylvania Ave., Bonita Springs, FL 34135

TO DISCUSS THE FOLLOWING PROJECT:

PROJECT: The Rooftop at Riverside, Special Exception
CASE NUMBERS: SPE21-82680-BOS
APPLICANT: Jim & Chris Magnus
SITE ADDRESS: 27333 Old 41 Road, Bonita Springs, Florida 34135

PROJECT DESCRIPTION:

The proposed Special Exception is for Jim & Chris Magnus to purchase the parcels located at 27333 Old 41 Rd., Bonita Springs, FL 34135 from the City of Bonita Springs and develop it into a family focused establishment with 8 food truck pads that will be fully loaded with utilities such as water/ sewer/ electric and propane, over 11,000 square feet of open green/ courtyard dining space, a two-story 4,948 square foot covered structure with deck and patio space for drinks and dining, 500 square feet of patio dining, a 535 square foot playground and a mist wall to keep us all cool in our warm, sunny Florida summers.

The parcels are currently vacant and are zoned Downtown T-5 Core. A Mobile Food Vendor Park is a permitted use within the T-5 Core zoning via the Special Exception.

The Applicant will present the proposed project at the meeting and would like to receive input from the surrounding owners and residents. Please contact **Brian Howell at (239) 596-9111 x212** or bhowell@phoenix-associates.com for any questions.

The Rooftop at Riverside
Bonita Springs, Florida
Neighborhood Information Meeting

Integrity Church
10421 Pennsylvania Avenue
Bonita Springs, Florida 34135

October 29th, 2021 @ 5pm

Minutes – Items Discussed

- What is the capacity of the venue, how many people can fit within the park?
- Will outside seating be provided by the food trucks?
- Will there be entertainment?
- What type of security and safety measurements been taken into account?
- What will the hours of operation be, how many days a week will the park be open?
- A show of support from a local business owner, Downtown Old 41 is seeing a positive revitalization and the food truck park will only add to it.
- What type of food trucks will there be, will they be temporary or permanent?
- When will construction begin, when will the food truck park be open for business?
- What can members of the community do to show support for the food truck park?
- A show of support for the color scheme presented.
- Will the food trucks be visible from Old 41 Road?
- Where and how many access points will the food truck park have, do you need to walk through the bar in order to get into the food truck park?
- What is the distance to the existing building to the north of the Food Truck Park (27313 Old 41 Rd.), will their mural still be visible?
- When is the next public meeting and what can the members of the community do to show support for the food truck park?
- Will the next public meeting notice be mailed out, when will it be held and where?

NEIGHBORHOOD MEETING

10/29/2021

LIFE IS BETTER AT THE TOP

ROOFTOP AT RIVERSIDE

GOALS & OBJECTIVES

Our goal with this project is to add value to the community through the Rooftop at Riverside. We will deliver more fun, excitement, and activity to the Downtown Old 41 Corridor which will benefit all local businesses, increase home values, and strengthen the economic viability for current businesses, spur re-development, and encourage innovative and new development throughout the downtown, with an emphasis on a truly breathtaking project at Imperial Crossings.

How?

Increase Multimodal Transportation

Drive Activity
To
Downtown

Become Partners in Prosperity
A Rising Tide Floats All Ships

DOWNTOWN ACTIVATION

- Workforce Expansion to Draw New Families to Bonita Springs
- Community Asset, Pairing Nicely with the Wonder Gardens, the Library, Art Festivals, and Riverside Park
- Innovative Outdoor Dining Experience and Entertainment Venue that will Draw Visitors from All Over

CIVIC USES & COMMUNITY BENEFITS

- Nearly 600 sqft Playground with Mist Wall for Fun & Cooling Off
- 2 Story, Breezy, Inviting, Open Concept Bar
- Shaded Courtyard Seating / Open Air Deck & Patio Seating
- 6x Required Open / Green Space (1,950 sqft required & 11,795 sqft of Open / Green Space Provided)
- Elevator in Bar & Restroom Requirements Doubled
- Project Inspires Multi-Modal Transportation and Supports Blue Zones Project goals
- 25 Free Community Public Parking Spaces at Our Cost Developed at 27400 Old 41 Rd
- Value Add Asset for the City with the creation of Additional Seating and Event Viewing for Riverside Park Events
