**BONITA SPRINGS, FLORIDA
COMMUNITY DEVELOPMENT DEPARTMENT
ZONING DIVISION
STAFF REPORT**

PROJECT NAME: ROYAL SCOOP MANUFACTURING

TYPE OF CASE: SPECIAL EXCEPTION

CASE NUMBER: SPE21-86399-BOS

HEARING DATE: MARCH 15, 2022

PLANNER: MIKE FIIGON II

REQUEST AND STAFF RECOMMENDATION

A special exception request for a Group II Food and Kindred Products Manufacturing use, on property located in the Light Industrial (IL) zoning district, pursuant to LDC 4-718.

Deviations Requested: None

Staff recommends **APPROVAL** of the request in conjunction with the conditions outlined later in this Staff Report.

I. APPLICATION SUMMARY:

- A. Applicant: Royal Scoop Property Management, LLC
- B. Agent: Q. Grady Minor & Associates, P.A.; D. Wayne Arnold
- C. Request: A special exception request for a Group II Food and Kindred Products Manufacturing use, on property located in the Light Industrial (IL) zoning district, pursuant to LDC 4-718.
- D. Location: 10915 Enterprise Avenue, Bonita Springs, Florida 34135
- E. Future Land Use Designation, Current Zoning and Use of Property:

Future Land Use: Industrial

Current Zoning: Light Industrial (IL)

Current Use: Vacant Office/Warehouse Building

F. Surrounding Land Use:

<u>Existing Zoning & Land Use</u>	<u>Future Land Use Map</u>
North: Light Industrial (IL); Warehousing & Distribution	Industrial
East: Light Industrial (IL); Warehousing	Industrial
South: Light Industrial (IL); Vacant	Industrial
West: CPD; Parking area; Vacant; Card Room	General Commercial

Note: To the southwest of the site is the Mediterra Residential Planned Development (RPD); specifically, a dedicated conservation easement. The nearest residential use is approximately 1,400' to the southwest and 1,300' to the east.

II. BACKGROUND AND INFORMATIONAL ANALYSIS

Introduction/Synopsis

The request is for a Group II Food and Kindred Products Manufacturing use, to be able to manufacture ice cream completely within an existing building located within an industrial park in the City. In the land development code (LDC) the use groups do not explicitly call out the manufacturing of ice cream. When this occurs, the code provides guidance for the proposed use to be classified to the closest available use, or, to list it within a use group with uses of similar design, scale, function, or process. Group II lists dairy products, fats and oils, flavorings extracts and syrups. As a result, it is the Staff opinion that ice cream manufacturing would best fit as a Group II Food and Kindred Products Manufacturing use.

The Applicant currently has an ice cream retail location in Bonita Springs (unincorporated), on the west side of Vanderbilt Road. They have additional retail locations in Naples and Fort Myers [Beach]. In order to satisfy the demand at all locations, the Applicant is proposing this stand-alone manufacturing facility within the City.

The existing building was constructed in 2007 as an office/warehouse structure. The Applicant is proposing interior modifications and exterior building and site improvements in order to accommodate manufacturing. The exterior modifications include the parking and loading area, and a future expansion of the building. There are no deviations or variances being requested for the proposed modifications. All improvements will need to meet the regulations of the Florida Building Code, NFPA standards (Fire) and the City's Land Development Code for development in the IL zoning district.

Special Exception Review Criteria

Per LDC Sec. 4-131, the Zoning Board must consider the following criteria when reviewing a special exception request:

- a. *Where there exists changed or changing conditions that make approval of the request appropriate.*
- b. *The testimony of the applicant*
- c. *The testimony of staff*
- d. *The testimony of the public*
- e. *Whether the request is consistent of the goals, objectives, policies and intent of the Bonita Plan*

- f. Where the request meets or exceeds all performance and locational standards set forth for the proposed use*
- g. Whether the request will protect, conserve or preserve environmentally critical areas and natural resources*
- h. Whether the request will be compatible with existing or planned uses*
- i. Whether the request will cause damage, hazard, nuisance or other detriment to persons or property*
- j. Whether a requested use will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use set forth in this chapter.*

In reviewing the request, Staff is able to make the following findings based on the aforementioned criteria:

Criterion A: Where there exists changed or changing conditions that make the approval of the request appropriate

Staff Analysis: The existing Bonita Springs retail location has been in operation since 1979. The site also served as the manufacturing operation but had limited space. After additional retail locations were opened up in Naples and Fort Myers, it became clear to the Applicant that a stand-alone manufacturing facility was necessary in order to keep up with the demand. The Applicant is requesting this special exception in order to keep manufacturing in Bonita. Of the 43 zoning district classifications in the City, only one (General Industrial—IG) permits this use by right. The IL district requires a special exception and all remaining districts prohibit the use, unless the property is rezoned to General Industrial (IG), Industrial Planned Development (IPD), or Mixed-Use Planned Development (MPD). The property in question is zoned IL, which allows the Applicant to request this special exception.

Criterion B: The testimony of the Applicant

Staff Analysis: The Applicant's spoken testimony will be provided at the hearing. The Applicant's narrative and the submittal documents are provided as part of the backup to this request and shall be considered as part of the testimony for this case.

Criterion C: The testimony of Staff

Staff Analysis: While the testimony is to be considered during the public hearing process, this staff report and the associated conditions of approval represent the staff position on the request.

Criterion D: The testimony of the public

Staff Analysis: Public comment is to be provided at the hearing. The Applicant held their required neighborhood meetings to keep the public informed of the request. The post-sufficiency neighborhood meeting was held on February 3, 2022—and no members of the public were in attendance, and as such, no concerns were raised. To date, Staff has not received any objections from the public regarding the request.

Criterion E: Whether the request is consistent with the goals, objectives, policies, and intent of the Bonita Plan

Staff Analysis: The property is located within the Industrial Future Land Use Category according to the Future Land Use map of Bonita Springs. The category is analyzed later in this report. The property fronts fully constructed roadways, complete with drainage infrastructure, and can be considered as redevelopment or an infill use within an existing industrial park. It is the Staff opinion that the requested special exception is not in conflict with the Comprehensive Plan.

Criterion F: Whether the request meets or exceeds all performance and locational standards set forth for the proposed use

Staff Analysis: LDC 4-2014(d)(3)(d) requires a Food and Kindred Products Group II Manufacturing use to be set back at least 100 feet from residentially-zoned property under separate ownership. The subject property appears to be 100 feet away from the outer boundary of the conservation parcel of Mediterra to the west, which is zoned Residential Planned Development (RPD). However, if the property were located closer to Mediterra, the aforementioned code section would not be applicable in this case, due to LDC 4-2014(f) which states: *The minimum setbacks set forth in subsections (a), (b), (d), and (e) of this section are not applicable to those facilities legally in existence and operation, or to an industrial subdivision legally in existence, prior to a residential zoning or use being approved closer than the required setbacks.*

The property is part of a recorded industrial park, legally in existence prior to Mediterra receiving it's RPD status in 1999. As a result, the request is not in conflict with the locational standards set forth in the land development code.

Criterion G: Whether the request will protect, conserve or preserve environmentally-critical areas and natural resources

Staff Analysis: There are no environmental sensitivities or natural resources that have been observed on the subject property.

Criterion H: Whether the request will be compatible with existing or planned uses

Staff Analysis: The property is located within a recorded industrial park that currently includes a variety of industrial uses and activities. The proposed manufacturing use is industrial in nature and is compatible with the scale and function of the industrial zoning districts.

Criterion I: Whether the request will cause damage, hazard, nuisance, or other detriment to persons or property

Staff Analysis: The requested manufacturing use will take place entirely within the building. The site will have adequate landscape buffers and parking to support the business. All site modifications (both interior and exterior) will need to meet the requirements of the Florida Building Code, Land Development Code, and NFPA (Fire) codes, which are all designed to promote the health, safety and welfare of persons and property. There are no deviations or variances being requested from these regulations, as part of this request. The property is also subject to the City of Bonita Springs Noise Control Ordinance. To this end, it is the Staff opinion that the manufacturing use will not cause damage, hazard, nuisance or other determinant to persons or property.

Criterion J: Whether a requested use will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use set forth in this chapter

Staff Analysis: The Applicant has requested a special exception for a Group II Food and Kindred Products Manufacturing use, which is required pursuant

to LDC 4-718. There no requested deviations or variances associated with this request. The special setback regulation of 100 feet from residentially zoned property under separate ownership is not applicable, per LDC 4-2014(f), as outlined in the Staff analysis of Criterion F. It is the Staff opinion the request is in compliance with the zoning provisions and supplemental regulations of LDC Chapter Four: Zoning.

As such, it is Staff's opinion that the Applicant has been able to demonstrate compliance with the special exception criteria.

Surrounding Zoning

The property is zoned Light Industrial (IL) and abuts IL property on the north, east and south. To the west is the former Greyhound track site, which now contains the Bonita Card Room, and will soon be the home of an indoor/outdoor sports challenge complex. That property is zoned Commercial Planned Development (CPD). Mediterra (Residential Planned Development—RPD) is to the southwest of the subject parcel, on the other side of Race Track Road. The closest residence is approximately 1,400 feet to the southwest, and 1,300 feet to the east. It is the Staff opinion the request would not cause hazard or detriment to the surrounding properties, nor is it in conflict with the provisions of the surrounding zoning districts.

Neighborhood Compatibility

The subject property is located in a recorded industrial subdivision, with industrial uses to the north, east, and south. To the west is a road right-of-way (Race Track Road), followed by the former dog track property, zoned Commercial Planned Development. The requested use, if approved, would be compatible with the surrounding area and would take place within the existing building.

Environmental Considerations

The property is built out, complete with a building, loading zone, parking, and landscaping. There are no environmental resources or sensitivities on-site. As the project goes through its permitting process for its modifications, it will be required to meet the landscape and environmental provisions of LDC Chapter Three: Development Standards. This includes buffering, general trees, and dark skies compliance.

Traffic

The Applicant provided a Traffic Impact Statement (TIS) which was reviewed by the City's transportation engineer. Roadway segments that were analyzed include Bonita Beach Road west of Old 41; Bonita Beach Road west of Race Track Road; Bonita Beach Road from Imperial Parkway to Race Track Road;

Bonita Beach Road from Imperial Parkway to I-75; Imperial Parkway north of Bonita Beach Road; Imperial Parkway south of Bonita Beach Road; Old 41 north of Bonita Beach Road; and Old 41 south of Bonita Beach Road.

It is calculated that the project will add 19 AM peak hour trips to the network and 11 PM peak hour trips to the network. This amounts to a less than 1% impact on the level of service volumes to the network. Anything less than 3% is considered a project of non-significant impact. To this end, it is the Staff opinion that the project would not cause level of service or capacity issues within the network.

Comprehensive Plan Considerations

The subject property is located in the Industrial future land use category, according to the future land use map of Bonita Springs. The category includes the following provisions:

Policy 1.1.16: Industrial - *Intended to primarily accommodate light industrial, research, warehousing and office uses.*

- a. Appropriate uses include heavy commercial, light industrial, warehousing, recreation, public and semi-public uses, and mixed-use planned development with residential density limited to 10 dwelling units per acre within the approximately 463 acres of gross land area in the land use category.*
- b. If affordable housing is provided, residential density may be increased by up to five additional dwelling units per acre.*
- c. Accessory commercial uses serving employees within the complex may be allowed provided the commercial uses are integrated within the industrial complex and do not exceed 5% of the intensity of the entire project.*
- d. Residential use shall be allowed only in mixed-use planned developments, and shall not exceed 20% of the intensity of the entire project.*
- e. Maximum allowable height of structures shall be 75 feet from the base flood elevation to the eaves.*
- f. Nonresidential uses shall be limited to a maximum floor area ratio (FAR) of 1.2.*

It is the Staff opinion the requested use does not violate the provisions of the future land use category as outlined in the Comprehensive Plan/Bonita Plan.

With regards to the Traffic Element of the Comprehensive Plan, the project fronts two fully-constructed roads. The project is accessible via the intersection of Race Track Road and Bonita Beach Road, which is a signalized

intersection. While capacity issues have been observed on Bonita Beach Road, the proposed project's traffic would account for less than 1% of the traffic volume and would not be considered a project of significant impact by City standards. With regards to multi-modal infrastructure, the property is beyond the boundaries of multi-modal requirements.

It is the Staff opinion that the remaining Comprehensive Plan elements of Conservation/Coastal Management, Intergovernmental Coordination, Housing, Capital Improvements, and Recreation/Open Space are not applicable to this request. This determination was made after Staff examined all elements for applicability to this request.

It is the Staff opinion the request does not violate the applicable provisions of the Comprehensive Plan.

Findings & Conclusion

It is Staff's opinion that the special exception request for a Group II Food and Kindred Products Manufacturing for ice cream is consistent with the provisions of the Comprehensive Plan, is compatible with existing uses within the area, will not cause damage, hazards or nuisance, will not impact environmentally critical areas (none are on site), and is located in an area with adequate public facilities.

Based upon an analysis of the Application and the special exception approval criteria, Staff makes the following findings and conclusions, as conditioned:

1. The requested special exception, as conditioned:
 - a) Meets or exceed all applicable performance and locational standards set forth for the proposed use;
 - b) is consistent with the goals, objectives, policies and intent set forth in the City of Bonita Springs Comprehensive Plan;
 - c) is compatible with existing or planned uses in the surrounding area;
 - d) will not cause damage, hazard, nuisance or other detriment to persons or property;

- e) will not have an adverse effect on surrounding properties;
and
- f) will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use set forth in the City's Land Development Code.

III. RECOMMENDATION:

Staff recommends **APPROVAL** of the request with the following conditions:

1. The special exception will be valid for this Applicant only.
2. The City of Bonita Springs Noise Control Ordinance remains in effect in its entirety.
3. Additional information or changes to the plan not covered by this approval may require additional approvals. Such approvals will follow the processes outlined in the Land Development Code.
4. Approval of this special exception request does not guarantee approval of a local development order or building permit.
5. Unless modified by this approval, the property shall be consistent with the regulations of the Land Development Code for the Light Industrial (IL) zoning district.

NEIGHBORHOOD MEETING REQUIREMENT

Community Development Dept. | 9220 Bonita Beach Road, Ste. 111 | Bonita Springs, FL 34135 | (239) 444-6150 | permitting@cityofbonitaspringscd.org

RE: Neighborhood Meeting Mandatory Requirement for Comprehensive Plan Amendment, Rezoning (conventional or planned development), and Special Exception applications.

On September 5, 2018 the Bonita Springs City Council adopted regulations for Neighborhood Meetings. The purpose of a neighborhood meeting is to educate occupants and owners of nearby lands about the proposed development and application, receive comments, address concerns about the development proposal, and resolve conflicts and outstanding issues, where possible.

Neighborhood meetings are mandatory for applications for a future land use map amendment, rezoning, and special exception. Neighborhood meetings are optional for all other applications. Applicants are required to conduct a neighborhood meeting prior to filing its application with the city and a second neighborhood meeting within 30 days after the city has deemed the application to be sufficient.

Please see City of Bonita Springs LDC Section 4-28 or our website for more information.

For additional questions, contact the Planner on Call at (239)-444-6166.

GENERAL – EXPLANATORY NOTES

ALL APPLICANTS MUST PAY THE APPLICATION FEE SET FORTH IN THE CITY OF BONITA SPRINGS EXTERNAL FEES AND CHARGES MANUAL.

UPON WRITTEN REQUEST, THE DIRECTOR MAY MODIFY THE SUBMITTAL REQUIREMENTS CONTAINED IN THIS SECTION WHERE IT CAN BE CLEARLY DEMONSTRATED THAT THE SUBMISSION WILL HAVE NO BEARING ON THE REVIEW AND PROCESSING OF THE APPLICATION. THE REQUEST AND THE DIRECTOR'S WRITTEN RESPONSE MUST ACCOMPANY THE APPLICATION SUBMITTED AND WILL BECOME A PART OF THE PERMANENT FILE.

PART I – EXPLANATORY NOTES

- A. Applicant's Name: Application may be made by the landowner or the authorized agent. Where there is more than one owner, either legal or equitable, then all such owners must jointly initiate the application. Exceptions to this are:
- 1) It is not required that both husband and wife initiate the application on private real property owned by them.
 - 2) Where the property is subject to a land trust agreement, the trustee may initiate the application.
 - 3) Where the fee owner is a corporation, any duly authorized corporate official may initiate the application.
 - 4) Where the fee owner is a partnership, the general partner may initiate the application.
 - 5) Where the fee owner is an association, the association may appoint an agent to initiate the application on behalf of the association.
 - 6) Where the property is a condominium or time-share condominium, refer to Sec. 4-193(a)(1)b. for rules.
 - 7) Where the property is a subdivision, refer to Sec. 4-193 (a)(1)c. for rules.
 - 8) Rezoning initiated by the Mayor and City Council on property not owned by the City.
- B. Relationship of applicant to owner: Except for City-Initiated rezonings, if the applicant is not the owner of the property, a **notarized** authorization form from the owner to the applicant must be submitted. If the application IS City-initiated, then attach to the application a copy of the "Green Sheet" whereby the action was authorized. Label this submittal as Exhibit I-B.
- C. Name of owner (s): see F. below
- D. Date property was acquired by present owner(s). If City-initiated rezoning and does not own the property or have it under contract for purchase, enter "Not Applicable".
- E. If the request is City-initiated and the City is not purchasing the property, enter "Not Applicable".
- F. Name of Owner(s): Except for City-Initiated rezonings, a Disclosure Form (Exhibit I-F, attached) must be submitted for any entity whose interest in the property is other than solely equity interest(s) which are regularly traded on an established commodities market in the United States or another Country.
- G. Authorized Agents: If the owner or applicant has authorized agents to act on his/her behalf, list the agent(s) name, mailing address and phone number. If City-initiated, enter "Not Applicable".

PART II – EXPLANATORY NOTES

- A. **Legal Description:** If the property is not within a platted subdivision recorded in the official plat books of Lee County, a complete legal description must be attached which is sufficiently detailed and legible so as to be able to locate said property on city maps or aerial photographs. Also include the Section, Township, Range, and parcel number(s). If the application includes multiple abutting parcels, the legal description may describe the perimeter boundary of the total area, and need not describe each individual parcel, except where different zoning requests are made on individual parcels. Label the legal description as Exhibit II-A-1.

A survey or a certified sketch of description as set out in Chapter 5J-17.053, F.A.C., Florida Administrative Code must be submitted unless the subject property consists of one or more undivided platted lots. If the application includes multiple abutting parcels, the legal description must describe the perimeter boundary of the total area, but need not describe each individual parcel. However, the STRAP number for each parcel must be included. Label the Sketch as Exhibit II-A-2.

If the request is owner-initiated and a boundary survey is required, the survey must include the location of any existing structures on the property. Label the Boundary Survey as Exhibit II-A-2.

The Director has the right to reject any legal description which is not sufficiently detailed or legible so as to locate said property, and may require a certified survey or boundary-survey prepared by a surveyor meeting the minimum technical standards for land surveying in the state, as set out in Chapter 5J-17.053, F.A.C. Boundaries must be clearly marked with a heavy line. The boundary line must include the entire area to be developed. If the request is owner-initiated the Federal Emergency Management Agency flood zone and required finished floor elevation must be shown as well as the location of existing structures on the property.

A copy of the plat may be purchased from the County Clerk's office.

NOTE: The Director has the right to reject any legal description which is not sufficiently detailed or legible so as to locate said property, and may require a certified survey or boundary sketch to be submitted.

- B. **Project Street Address:** If the street address is unknown, the address may be obtained from the Lee County E-911 Addressing Division at (239) 335-1630.
- C. **General Location:** The general location should reference known major streets so as to indicate to the general public the location of the property.
- E. **Property Dimensions:** If the parcel is irregularly shaped, indicate the average width and depth of the property. Indicate the length of property abutting any existing street rights-of-way or easements. If property abuts more than one street, indicate frontage on each street.
- F. **Facilities**
1. **Fire District:** Insert the name of the Fire District in which the property is located.
 2. **Sewer Service Supplier:** List the name of the utility company or package plant which will be providing sanitary sewer service to the project. If a new private disposal plant is proposed or if septic systems will be used, so indicate.
 3. **Potable Water Service Supplier:** List the name of the utility company which will be providing potable water service to the project. If wells are to be utilized, so indicate.
- G. **Present Use of Property:** Briefly describe the present use of the property.
- H. **Property Restrictions:** The application must include a copy of the deed restrictions or other types of covenants and restrictions on the parcel, along with a statement as to how the restrictions may affect the requested action. If there are no restrictions on the property, the applicant must indicate so on the application form.

PART III – EXPLANATORY NOTES

- E. The Department staff will review this application for compliance with requirements of the City of Bonita Springs Land Development Code. If any deficiencies are noted, the applicant will be notified.

PART IV – EXPLANATORY NOTES

- Property Owners Map: *City-initiated requests*: A complete list of all property owners, and their mailing addresses, for all property within the area described. For the purpose of this subsection, names and addresses of property owners will be deemed to be those appearing on the latest tax rolls of the county. Label as Exhibit I-B-3.
- Surrounding Property Owners List and Mailing Labels: A complete list of all property owners, and their mailing addresses, for all property within three hundred seventy-five (375) feet [five hundred (500) feet if for a COP] of the perimeter of the subject property or the portion thereof that is the subject of the request. A set of mailing labels for all names and addresses. Names and addresses of property owners will be deemed to be those appearing on the latest tax rolls of the County. Information may be obtained from the Lee County Property Appraiser's office. Label as Exhibit IV-A.
- Surrounding Property Owners Map: A City Zoning map or other similar map displaying all of the parcels of property within three hundred seventy-five feet (375) [five hundred (500) feet if for a Consumption on Premises permit] of the perimeter of the subject parcel or the portion thereof that is the subject of the request, referenced by number or other symbol to the names on the property owners list. The applicant is responsible for the accuracy of the map. Label as Exhibit IV-B.
- Deed Restrictions: A copy of the deed restrictions on the subject property, if any, and a written statement as to how the deed restrictions may affect the requested action. Label as Exhibit IV- C.
- Narrative Statement (Rezoning Only): Label as Exhibit IV-D. State the basis or reason(s) for the requested action and address the following issues
 - a. Whether there exists an error or ambiguity which must be corrected;
 - b. Whether urban services, as defined in the Bonita Plan, are, or will be, available and adequate to serve a proposed land use change, when reviewing a proposed change to a future urban area category;
 - c. Whether a proposed change is intended to rectify errors on the official zoning map;
 - d. Whether there exist changed or changing conditions that make approval of the request appropriate;
 - e. Whether the request is consistent with the goals, objectives, policies, and intent of the Bonita Plan;
 - f. Whether the request meets or exceeds all performance and locational standards set forth for the proposed use;
 - g. Whether the request will protect, conserve or preserve environmentally critical areas and natural resources;
 - h. Whether the request will be compatible with existing or planned uses;
 - i. Whether the request will cause damage, hazard, nuisance or other detriment to persons or property;
 - j. Whether a requested use will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use as set forth in LDC Chapter 4.
- Narrative Statement (Special Exceptions Only): Label as Exhibit IV-E. State the basis or reason(s) for the requested action and address issues d through j above.
- Site Plans (Special Exceptions only): Label as Exhibit IV-F. Request for a Special Exception MUST include a site plan detailing the proposed use, including where applicable:
 - a. The location and current use of all existing structures on the site, as well as those on adjacent properties within one hundred (100) feet of the perimeter boundaries of the site; and
 - b. All proposed structures and uses to be developed on the site; and
 - c. Any existing public streets, easements or land reservations within the site and the proposed means of vehicular access to and from the site; and
 - d. A traffic impact analysis for the development consistent with the Zoning Traffic Impact Statement (ZTIS) Guidelines; and
 - e. Proposed fencing and screening, if any; and
 - f. Any other reasonable information which may be required by the Director commensurate with the intent and purpose of the regulations.
- ADDITIONAL REQUIREMENTS FOR CERTAIN SPECIAL EXCEPTIONS: Certain Special Exceptions have specific requirements for additional submittals. Refer to the appropriate sections as indicated:
 - Solar or Wind energy modifications:
 - Temporary Parking Lots:

Surrounding Property Owners Map

State the basis or reason(s) for the requested action and address the following issues:

The owner of Royal Scoop Homemade Ice Cream has acquired a building and property located at 10915 Enterprise Avenue. The intent is to utilize the building with some modification for the manufacture of Ice Cream. The site is zoned Light Industrial, which permits manufacturing of dairy products as a Special Exception. The owner intends to make modifications to the site and building to accommodate the ice cream manufacturing. No retail sales will occur from the site. The proposed facility will be 15,000 square feet.

The site is well-suited for use as a light manufacturing facility for the locally owned Ice Creamery. The property is in an area where most other industrial and light industrial uses are located in Bonita Springs. The IL zoning district permits numerous manufacturing uses by right such as cosmetics, lumber and wood products, paper products and bakeries and confectionary products. Allowing for the manufacture of ice cream is similar to many of the other uses permitted in the IL zoning district and like those the use will occur entirely indoors.

The applicant intends to make minor modifications to the existing building in order to install appropriate ice cream manufacturing equipment and to provide for freezer storage on-site, before distribution to local retailers.

d. Whether there exist changed or changing conditions that make approval of the request appropriate;

The applicant has operated the local Royal Scoop Homemade Ice Cream in Bonita Springs since 1979, which has manufactured ice cream on-site to serve the Bonita Store and more recent Royal Scoop Ice Cream stores in Lee and Collier Counties. In order to satisfy the demand for their ice cream, a stand-alone manufacturing facility is necessary. The site located on Enterprise Avenue in Bonita Springs will allow Royal Scoop to continue to locally manufacture its product.

e. Whether the request is consistent with the goals, objectives, policies, and intent of the Bonita Plan;

The proposed use is consistent with the goals, objectives and policies of the Bonita Springs Comprehensive Plan. The property is designated Industrial on the Future Land Use Map. Policy 1.1.16: Industrial is intended to accommodate light industrial and warehousing uses.

f. Whether the request meets or exceeds all performance and locational standards set forth for the proposed use;

Neither the LDC or Comprehensive Plan establish performance or locational standards for the proposed use. The Industrial Future Land Use Category does establish a maximum floor area ration of 1.2. the approximate building size ia 13,000 square feet and the overall site is just under 40,000. The approximate FAR is .33 which is well below the maximum 1.2 FAR.

g. Whether the request will protect, conserve or preserve environmentally critical areas and natural resources;

There are no environmentally critical areas or natural resources that exist on the subject property.

h. Whether the request will be compatible with existing or planned uses;

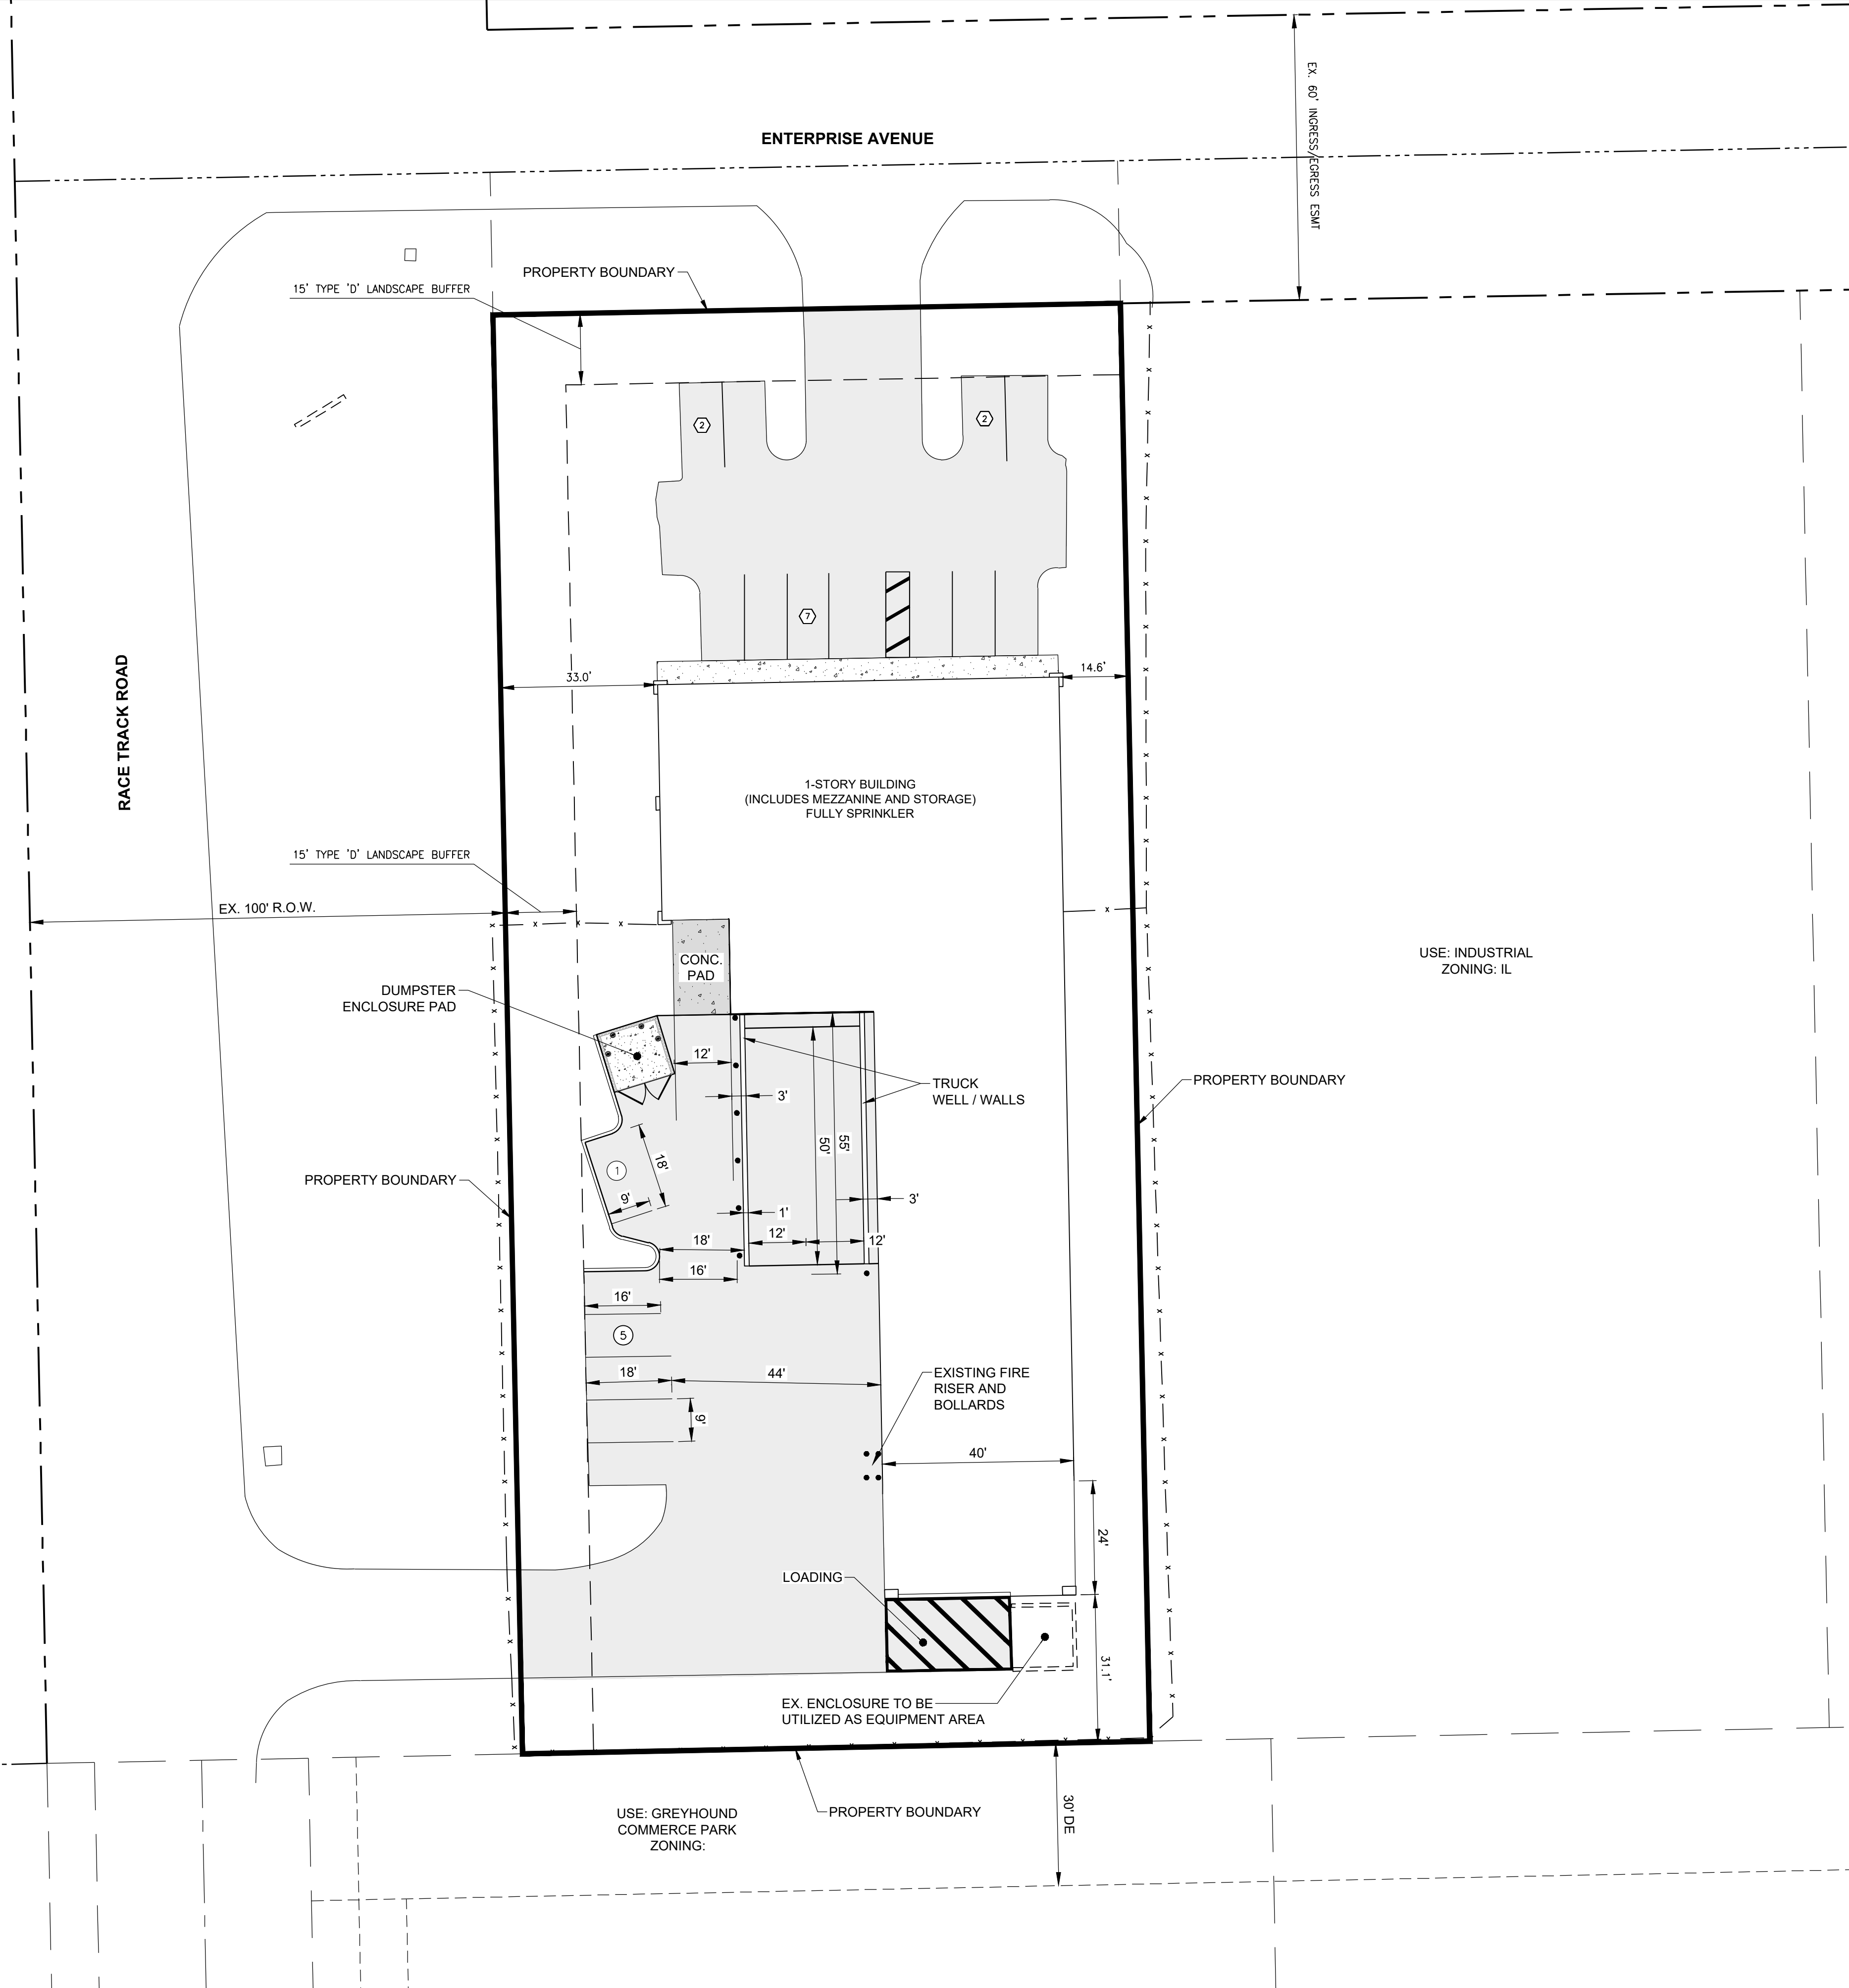

Yes, the proposed use to manufacture ice cream at this location is compatible with the surrounding light industrial and warehousing uses. All manufacturing occurs indoors and there are no residential neighbors within 1/4 mile of the property. Traffic associated with the facility will utilize Race Track Road, which is a signalized intersection. Other comparable uses exist in the industrial park where the use is proposed. A traffic analysis has been prepared to demonstrate there is adequate road capacity for the use.

i. Whether the request will cause damage, hazard, nuisance or other detriment to persons or property;

The manufacture of ice cream from this location will not cause damage, hazard, nuisance or other detrment to persons or property. The property will have LDC required buffers, parking and site design to safely accomodate the use and nearby property owners. There are no residential uses proximate to the property.

j. Whether a requested use will be in compliance with all general zoning provisions and supplemental regulations pertaining to the use as set forth in LDC Chapter 4.

Yes, the request will be in compliance with all Chapter 4 zoning regulations. No code deviations are required for the use.

Conclusions

Based upon the findings of this report, it was determined that the special exception request for Royal Scoop to occupy a previously developed commercial site will not result in a significant or adverse impact on the surrounding road network or cause any roadways to operate below their adopted levels of services. It was verified that all roadways, within the project's area of impact, currently have a surplus of capacity and can accommodate the traffic associated with the ice cream manufacturing land use and the existing plus committed (E + C) road network will continue to operate at acceptable levels of service for project build-out traffic conditions.

It should be noted that Royal Scoop will displace other land uses that are permitted to occupy the site by right, and some of those uses would generate more traffic than Royal Scoop.

Roadway LOS Determination

Bonita Beach Road (between Old 41 and Imperial Parkway) is classified as a six-lane divided arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 2,800 vph for the 100th highest hour peak direction has been determined for this road. As established by the City of Bonita Springs' Traffic Count Report, this segment of Bonita Beach Road currently operates at LOS C, and the report concludes that Bonita Beach Road will have a project build-out traffic demand of 2,446 vphpd and a v/c ratio of 0.87. Therefore, this project will be consistent with the City of Bonita Springs Concurrency Management Policy.

Purpose of Report

The following report has been prepared pursuant to the criteria set forth by the Traffic Impact Statement Guidelines as set forth by the City of Bonita Springs. This report provides an in-depth evaluation of the potential transportation related impacts which may occur because of the proposed Royal Scoop.

Scope of Project

Royal Scoop is a proposed ice cream manufacturing facility that will produce and then distribute ice cream to its retail vendors. It is proposed to locate Royal Scoop within an existing structure that was constructed on the southeast corner of Enterprise Avenue and Race Track Road, within the City of Bonita Springs. The existing structure, which was previously occupied but is now vacant, is approximately 13,390 square feet in size. The special exception request for Royal Scoop to occupy the existing building anticipates that the structure may be expanded to 15,000 square feet.

The site has one (1) full access on Enterprise Avenue and one (1) full access on Race Track Road. Both points of access will remain intact.

Project Generated Traffic

Traffic that can be expected to be generated by the project was estimated based upon the guidelines established by the Institute of Transportation Engineers, Trip Generation Manual, 11th Edition. That is, historical traffic data collected at similar land uses was relied upon in estimating the project's traffic. In referencing the Trip Generation Manual, it was concluded that land use code Manufacturing (LUC 140) was the most appropriate use to estimate the project traffic.

Table 1 of this report provides a detail of the trip generation computations. Table B provides a summary of the results.

Table B
Trip Computations Summary
(Summation of Table 1)

Daily Trips (ADT)	AM Peak Hour Trips (vph)	PM Peak Hour Trips (vph)
71	19	11

The report finds that the project will generate less than 100 trip ends during the highest peak hour. As such, the Report investigated the traffic impacts associated with the project based upon the criteria set forth by the City of Bonita Springs Traffic Impact Statement Guidelines for developments generating “Less Than 100 Trips”.

Existing + Committed Roadway Conditions

Figure 1 and Table 2 provide a detail of the surrounding E + C road network.

Bonita Beach Road (between Old 41 and Imperial Parkway) is classified as a six-lane divided arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 2,800 vph for the 100th highest hour peak direction has been determined for this road. As established by the City of Bonita Springs’ Traffic Count Report, this segment of Bonita Beach Road currently operates at LOS C.

Race Track Road and Enterprise Avenue are two-lane roads.

Project Generated Traffic Distribution

The project’s traffic was distributed to the surrounding roadway network based upon logical means of ingress/egress, current and future traffic patterns in the area, and location of vendors. Figure 2 and Table 2 provide a detail of the traffic distributions based on a percentage basis. Table 2 also describes the project traffic assignment by volume.

Area of Significant Impact

The area of significant impact was determined based upon the City of Bonita Springs’ 2%, 2% and 3% criteria (i.e., if the project’s traffic is 2% or more of a roadway’s adopted level of service capacity, then the project has a significant impact upon that link). Table 2 describes the project traffic distributions and the level of impact on the surrounding roadways. As determined, no roads will be significantly impacted by the project. Therefore, Bonita Beach Road was the only road considered to be impacted.

Project Build-Out Conditions

In order to establish 2021 thru 2023 project build-out conditions, traffic count data was adjusted for peak season conditions, peak hour conditions, peak hour (K30), peak direction (D Factor), and then an annual growth rate was applied to forecast future volumes. The peak season/peak hour/peak direction volumes, which are depicted on Table 3, were obtained from the City of Bonita Springs 2021 Traffic Count Report. The annual growth rate was derived from historical traffic counts also provided in the traffic report, but no less than an AGR of 2% was applied. After the background data was established, the project generated traffic was added to the 2023 traffic volumes. Table 4 provides a summary of the anticipated 2021 thru 2023 traffic conditions.

Roadway LOS Determination

Bonita Beach Road (between Old 41 and Imperial Parkway) is classified as a six-lane divided arterial having a performance standard of level of service LOS E. A maximum service volume capacity of 2,800 vph for the 100th highest hour peak direction has been determined for this road. As established by the City of Bonita Springs' Traffic Count Report, this segment of Bonita Beach Road currently operates at LOS C, and the report concludes that Bonita Beach Road will have a project build-out traffic demand of 2,446 vphpd and a v/c ratio of 0.87. Therefore, this project will be consistent with the City of Bonita Springs Concurrency Management Policy.

Re: SPE21-86399-BOS, Royal Scoop Special Exception

Dear Mr. Arnold,

The Zoning Division has reviewed the information provided and supplemented for the special exception request referenced above. The application has been found sufficient, however, there are several substantive comments for your consideration. Substantive comments could affect the Staff recommendation.

The following language is being drafted for the request.

A special exception request for a Group II Food and Kindred Products Manufacturing use, on property located in the Light Industrial (IL) zoning district, pursuant to LDC 4-718.

Please notify the City in writing if the draft language is acceptable or if modifications are requested.

Feel free to contact me if you have any questions.

Sincerely,
DEPARTMENT OF COMMUNITY DEVELOPMENT

BONITA SPRINGS Planning and Zoning

Substantive Comments:

1. The property is located in the Light Industrial (IL) zoning district, and is subject to the development regulations contained in LDC 4-719. The IL district requires a side yard setback of 20'. The site plan provided shows a side setback of 14.6'. The building is considered legal non-conforming. An administrative setback variance must be approved by the City prior to the issuance of any site permits or building permits. Staff recommends the Applicant submit the administrative variance application as part of this zoning request.

Please contact: Mike Fiigon II, Senior Planner
Phone: 239-444-6151
E-mail: mfiigon@cityofbonitaspringscd.org

BONITA SPRINGS Engineering

Substantive Comments

1. Will the proposed use generate more trash and recycle? If so, provide location of the expansion of solid waste containment area.
2. Please note that Bonita Springs Utilities will have requirements for the change in use and for any disposal of material. It is advised that the Applicant coordinate appropriately.
3. Please be advised that Bonita Springs Fire Control and Rescue District may require additional permits or modifications prior to the proposed use being activated on-site.
4. A site permit shall be submitted for all exterior improvements, such as changes to the façade of the building, parking lot changes, additions to the building, etc. At time of site permit, Limited Review Development Order, the following items shall be verified or addressed:
 - a. The use shall meet Architectural standards per the Land Development Code (LDC) Chapters 3 and 4.
 - b. Provide operation of use and how deliveries will function. If parking layout is altered, provide proposed site plan with adequate striping and signage.
 - c. Parking shall include the adequate number of handicap parking spaces and they shall meet ADA Standards.
 - d. All existing and proposed outdoor lights shall comply with the provisions of LDC Sec. 3-269.

- e. The existing drainage shall still function the same way it was originally approved when the site was built. DOS2005-00330

BONITA SPRINGS Environmental

Substantive Comments

1. At time of site permitting, landscaping fully comporting with the requirements of the City of Bonita Springs Landscape Code must be provided, this will include at a minimum, the submission of a Landscape Plan(s) meeting the LDC standards.
2. Please note that any existing landscaping deficiencies (required vegetation that is currently absent from the site or that has been removed and/or irreparably damaged) must be replaced/restored consistent and compliant with the property's previously approved site permits. Any existing deficiencies would constitute a violation of the property's approved site plans/permits (i.e., a code violation) and will need to be rectified/resolved prior to, or in conjunction with, the issuance and any additional site permits/approvals.
3. Please assure the site's current landscaping materials are substantially compliant with material standards (native requirements, counts, sizes, species limitations, etc.) specified in the City of Bonita Springs Landscape Code.
4. The dumpster enclosure/enclosure area must be appropriately screened from adjacent properties and rights-of-way.

INSTRUCTIONS

A zoning sign must be posted on the parcel subject to any zoning application for a minimum of fifteen CALENDAR (15) days in advance of a Public Hearing and maintained through the City of Bonita Springs Public Hearing, if any. This sign will be provided by the Zoning Division in the following manner:

- a. Signs for case # SPE21-86399-BOS must be posted by February 25, 2022.
- b. The sign must be erected in full view of the public, not more than five (5) feet from the nearest right-of-way or easement.
- c. The sign must be securely affixed by nails, staples or other means to a wood frame or to a wood panel and then fastened securely to a post, or pother structure. The sign may not be affixed to a tree or other foliage.
- d. The applicant must make a good faith effort to maintain the sign in place, and readable condition until the requested action has been heard and a final decision rendered.
- e. If the sign is destroyed, lost, or rendered unreadable, the applicant must report the condition to the Zoning Division, and obtain duplicate copies of the sign from the Zoning Division.
- f. The Division may require the applicant to erect additional signs where large parcels are involved with street frontages extending over considerable distances. If required, such additional signs must be placed not more than three hundred (300) feet apart.

When a parcel abuts more than one (1) street, the applicant must post signs along each street. When a subject parcel does not front a public road, the applicant must post the sign at a point on a public road which leads to the property, and the sign must include a notation which generally indicates the distance and direction to the parcel boundaries and the dimensions of the parcel.

NOTE: AFTER THE SIGN HAS BEEN POSTED, THE AFFIDAVIT OF THE POSTING NOTICE, BELOW, SHOULD BE RETURNED NO LATER THAN THREE (3) WORKING DAYS BEFORE THE INITIAL HEARING DATE TO CITY OF BONITA SPRINGS ZONING DIVISION, 9220 BONITA BEACH ROAD, SUITE 109, BONITA SPRINGS, FL 34135.
