X. MAYOR AND COUNCIL MEMBER ITEMS:

A. REVIEW AND DISCUSS THE DRAFT CITY MANAGER PERFORMANCE EVALUATION FORM WITH DRAFT CRITERIA (FORBES; GREENSHEET NO. 17-07-0271)

11:41:25 am Council Member Forbes addressed this item, informing Council of input received from Council Member Quaremba and Council Member O'Flinn, and major differences between that input. He feels the best solution would be to schedule a workshop. He also feels it should be moderated by someone other than Council.

Council Member Quaremba stated when it comes time to renew contacts for senior staff members, she would like to know what everyone else is thinking in a substantive way. She further explained.

Council Member DeWitt questioned the purpose of this, and informed Council of how evaluations are handled at the fire district.

11:54:15 am Council Member O'Flinn stated he clearly feels the purpose of this is constructive criticism of the employee. Secondly, this is the biggest management job the City has. Also, he did review Council Member Forbes and Quirimbas's comments. He doesn't feel there is a need for a mediator. Also, the number system made no sense to him. He doesn't know why they can't have a form where the substance of it makes sense to everyone, and then individual Council Members can mark 5's if they are comfortable doing that. Overall, as long as they are addressing the substantive issues and give that feedback, he feels the document works for the purpose intended. Give flexibility in that if some people want to do it, do it, and if other don't, that's fine.

12:01:17 pm Council Member Gibson stated he feels they need to hold a workshop.

12:04:01 pm Council Member Quaremba suggested focusing on some objective basis. If they could have some concrete specific goals that are tied into Council's goals and some statement of how they progress. If they have both a skill space approach with some kind of objective list relatively short on which they can judge whether they are doing the job that Council wants them to do.

12:06:07 pm Council Member Forbes suggested moving forward with a discussion, maybe 1-½ hours.

12:06:33 pm Council Member O'Flinn suggested having Council Member Forbes look at what he prepared and come back with another Greensheet and draft.

12:08:51 pm Council Member O'Flinn stated that it is agreed that there will be one form and not a different form for every Council person. Additionally, it will give flexibility to Council Members of how they approach those numbers and whether to use them or not, as long as they are providing appropriate feedback. Lastly, that there be an additional section with respect to responsibilities.

He informed Council that Mayor Bloomberg's team will come and make a presentation/workshop with City Council on this accelerator to help discuss the ideas that Council has that they can do for Bonita Springs, and then look at how to fund those ideas.
